Article: American Big Ed’s Dehumanization Machine by Jacqueline Toboroff, with links:

1. Paragraph 1: The bullet that silenced Charlie Kirk was engraved with anti-fascists slogans. The trigger was pulled by Tyler Robinson, 22—a product of American Big Ed’s foreign-funded assembly line.
2. Paragraph 7: The evidence of institutional capture is overwhelming. Qatar Foundation International has given at least \$30.6 million to U.S. public schools while Qatar Foundation spent \$1.5 billion funding 28 universities.
3. Paragraph 8: Qatari tentacles reach nationwide: a list.
4. Paragraph 10: Qatar partners...providing lesson plans for “police abolition” and “Palestinian resistance.” QFI’s curriculum includes “Express Your Loyalty to Qatar” and “Whose ‘Terrorism’?” lessons.
5. Paragraph 11: NYC Mamdani’s father wrote, “Suicide bombing needs to be understood as a feature of modern political violence rather than stigmatized as a mark of barbarism. We need to recognize the suicide bomber, first and foremost, as a category of soldier.”
6. Paragraph 22: We must expel foreign funding from American education immediately. Every Qatari dollar, every Chinese program, every anti-American faculty member must be removed. We must get rid of teachers, faculty, and staff teaching socialism and anti-Americanism.
7. Paragraph 23: Tyler Robinson pulled the trigger, but foreign-funded American Big Ed loaded the gun.

1. Understand that the wolves of this world are using ideological manipulation.
2. Train your child in the Biblical ideologies of Jesus to protect him or her from the wolves.
