TECHNOLOGICAL PRIVACY

Technology has advanced at an impressive rate. The benefits to communication is vast. However, so is the possibility of misuse. On this page we have links to identify concerns at the misuse of technology and what options we have to circumvent this misuse.

The following links are to assist us in finding resources and facts, so we can each be equipped to make the best decisions. We strongly encourage everyone to be diligent and discerning as they do their own research.

If you have questions or comments, please email us at FactsForFreedom@protonmail.com.
