# CONCEAL & REVEAL

Looking to **Increase Sales, Drive Traffic** or **Motivate Employees**?  
With our unique interactive marketing promotions, we have what you are looking for with our Conceal & Reveal Division.

- **SCRATCH OFF CARDS**

Scratch Off Cards offer a perfect instant win promotion that is a cost effective solution for any promotional budget. This outstanding marketing tool can generate incredible excitement. Using Scratch Off Cards can instantly increase company sales and revenue, drive customers to your place of business or website, and can also improve employee moral, attendance and performance.

- **PULL TABS**

If you are looking for another unique and fun way to promote your business, Pull Tabs might be the answer.

These tabs feature a top window panel that, when pulled, lifts up to reveal a prize or message. The remaining piece can be used as a discount coupon to use at a later time, bringing your customer back in.

Like Scratch Off Cards, Pull Tabs motivate, engage, and connect with consumers.

- **REVEAL & PEEL**

Expand the Scratch Off Card even further with a Peel & Reveal promotion. Peel & Reveal cards can offer a longer promotion, thus reinforcing a brand's image.

An added advantage of the Peel & Reveal promotion is the option to include, as part of the game piece, a detachable collectible token that can be scratched, and then peeled back to reveal an instant prize or a collect and win game piece.

# DIRECT MAIL SERVICES

Say goodbye to buying stamps, and start saving time and money. We will prepare your materials for the mail system, helping you secure the maximum available postage discounts and improving deliverability.

We can increase the accuracy of your present customer base with standard list management to standardize addresses, remove duplicates and assign correct zip codes.

You can rely on us to manage your entire direct mail campaign from start to finish.

**DIRECT MAIL PLUS** is a direct mail and marketing solution that enables us to provide one-stop shopping for a direct mail campaign, resulting in higher response rates and improved return on investment. This includes:

- Standard List Management
- Coding Accuracy Support System (CASS): Standardizes and improves the accuracy of addresses for better delivery
- National Change of Address (NCOA)
- Intelligent Mail Barcode (IMB): A barcode used to sort and track letters and flats, which allows mailers to track individual mail
- Delivery Point Validation (DPV): Standardizes and improves the accuracy of addresses for better delivery
- Carrier Route Encoding

## DIRECT MAIL SERVICES

- Marketing Lists
- Addressing
- Presorted First Class
- Standard Mail & Non-Profit Mail Rates
- Inserting & Sealing

**TRACK N TRACE.** Follow each mail piece from the first scan to the destination scan with BCC Software's delivery tracking solutions, Track N Trace, using the USPS® Intelligent Mail® barcode data. It enhances your mailings with:

- **Predictability** to pinpoint delivery dates for tightly coordinated marketing efforts
- **Accountability** that allows us to keep tabs on postal performance
- **Visibility** that makes the mailstream an "open book" so you can plan mailing jobs for optimum results

## FINISHING & SPECIAL EFFECTS

While we're known for our high quality, professional full color printing, we also offers a wide variety of distinctive finishing and special effects options.

Special effects have been proven to keep viewers interested in a printed piece. The longer a viewer looks, the more impact and memorable the piece will become. We offer unique solutions that will take your printing projects to the next level.

Whether it's adding texture by utilizing a special coating or giving an image a reflective quality, these effects will certainly add value and distinction to your next print project.

We are your print experts. Contact us for help identifying the best finishing and/or special effect for your next custom printing project.
