**\*\*NOTE\*\*** The \$16,319.36 excess operating funds from 2024 (which includes \$1,802 earmarked for dock improvements and \$3,000 earmarked for fish stocking) was NOT moved to the restricted Reserve Account per Board approval at the January 2025 meeting. Given that contractors had equipment onsite and time in their schedules, the board decided to proceed with the Birch retention pond clean up and berm/silt pond construction. Therefore, the funds were retained in the unrestricted General Operating Money Market. In March \$14,175 was transferred to checking to pay the invoices for the retention pond project which is now complete.

a - At the October 2024 Annual Meeting the membership approved the use of up to \$48,000 to be used for lake dredging and retention pond cleanup. All planned projects are complete. Invoices were paid in full in January and March.

b - The Board approved the use of contingency funds to repair N. Circle Dr. that was washed out in the flash flooding storms. The approval occurred in 2024 but the work was delayed while the Board consulted with our insurance agent about a potential loss claim. It was determined that no insurance claim would be filed and the work was completed in 2025. This was the only use of emergency funds for 2024.

c - At the February 2025 meeting the Board approved the purchase of a refurbished copier/printer because our existing machine was not repairable due to its age. Since this expenditure was not allocated in the 2025 Operating Budget, the funds were pulled from the Contingency Reserve account. That leaves \$21,500 in emergency funds that the Board is authorized to use for the remainder of 2025.

d - At the March 2025 meeting the Board approved the use of contingency funds to complete the Birch Pond dredging/clean up. That leaves \$15,960 in emergency funds that the Board is authorized to use for the remainder of 2025.
