

Leading the Way to a Brighter Future

Talented young people can miss out on a successful future if they don't have the necessary skills to help them succeed. Given the right mentorship and an understanding of the bigger world, we believe young people can change their circumstances and create a better life.

We Grow Leaders

At Leadership Garden, we make students *aware* of a bigger world. Participants are given the chance to learn skills and develop *abilities* needed for success. We provide *access* to leaders who will share life-changing *advice* so they can develop their untapped potential.

Our Mission

To help young people develop the life skills needed to make a positive impact in the world.

Leadership Garden provides life experiences and leadership skills for promising, curious students interested in accelerating the journey to reaching their full potential.

What We Offer

Our all-volunteer staff of proven leaders understand the skills, traits, and characteristics of strong leadership, and they use a combination of experiences, education, and service to share those lessons.

Sample Experiences - sailing, visiting a farm or business, State Fair, college/campus visits, museums, nature walks, going to the zoo, Best Buy's Teen Tech Center, educational panels etc.

Education - we provide a variety of vibrant leaders who share their stories, challenges, pathways to success, values, etc.

Service – periodic activities that brighten/serve the community, teach servant leadership, and create bonding for our participants.
