

Employee of the Month

January

Amber Cooley

Amber has been a Dayhab Tech with HR Choices for the last 5 months. She has done great jumping into the job and learning the routines and roles of each person we serve. Amber is always staying busy and keeping everyone involved in crafts and activities. Amber has even done spa days where she spends one-on-one time with our individuals and makes them feel beautiful. Her patience and dependability are key skills that we look for in an employee. Amber has also chosen to train on driving the buses to add more value to her role at HR Choices.

We value and appreciate your commitment to this company.

Thank you for all your hard work, Amber, you deserve this honor.
