

Veterans of

LOG BASE SEITZ

Sponsorship Opportunities

Veterans of Log Base Seitz (VLBS), a 501(c)(19) is comprised of those deployed during Operation Iraqi Freedom II from the 1544th Transportation Company, a National Guard unit that suffered the second-highest mortality rate of any National Guard unit during the Iraqi war.

VLBS is excited to provide a sponsorship program that will aid efforts to enhance its member services. Each year, VLBS hosts a weekend retreat, for service members and their spouses. Participants receive comprehensive support focused on health and wellness, peer engagement, coping and healing resources, as well as team-building activities.

As a partner in our efforts, you will directly help impacted soldiers and veterans across the United States with retreat travel costs, housing and food as well as professional resources to assist with bonding and healing activities during the weekend and beyond.

Who are the Veterans of Log Base Seitz and what do they do?

We represent veterans from across the United States that have experienced traumatic and life-altering events during the Iraq war. The 1544th was assigned to escort mail and supplies along some of Iraq's most deadly routes – a job that was compared to being in the infantry. The unit is bonded over the loss of 5 soldiers and 28 Purple Heart recipients during

a year-long tour on one of the most heavily mortared bases in Iraq.

VLBS is proud to offer impacted service men and women this much-needed support at its annual retreat and other events, as well as provide ongoing resources for coping and healing throughout the year.
