

Mason Sq Communal Veggie Garden

OC Endorsed Guidelines

- **Be Respectful** - Treat plants and the people who planted them with respect.
- **Keep our garden beautiful** - if you see any weeds or trash, deal with them, pick them out.
- **Join the Mason Gardens Plant Society Facebook group** - the group has been established as a space for gardening enthusiasts in Mason Sq. To share their experience, thoughts and engage in discussion on veggie patch topics.
- **Join the discussion & sub-committee** - if you want to plant something consider joining in the discussion and discussing with the sub-committee group.
- **Planting Check-In** - Deliberately planted plants should not be removed by any member unless objectively unusable. Check-in with active garden members if you can remove and plant in the space, so to avoid any disappointments. If there is no space, you may have to wait until a crop is grown.
- **Share the bounty** - Being an active participant in the planting and maintenance of the veggie patch entitles you to a share. Also, if you take some, plant some. Please refrain from harvesting for sale or more than your apartment needs.
- **Mindful of the Watering System** - the garden beds have a water drip system, when digging up soil always be sure to not slice open tubes, if you do, notify BM immediately to ensure the system is turned off.
- **No Chemicals** - Using fertiliser such as Seasol or Osmocoat is fine but no unnecessary chemical sprays. If in doubt, ask other community members in the Mason Gardens Plant Society Facebook group.

Mason Sq Communal Veggie Garden

OC4 VEG GARDEN SUB-COMMITTEE

OC4 Committee has approved the establishment of the Mason Gardens Communal Veg Garden sub-committee.

The sub-committee is to be formed by at least two (2) OC4 members, and have the following responsibilities:

- Manage the relationship with Mason Sq gardening enthusiasts (Users)
- Appoint 2 Users to support the management and of the gardens.
- These users are to be appointed on a rotating basis to be determined by the sub-committee.
- Act as a point of contact between Users and the OC4 committee.
- Oversee the operation and management of the dedicated garden beds conforming the veggie patch.
- Manage any approved budget granted to the sub-committee.

**Most importantly, enjoy the
sunshine, make new friends,
share knowledge, and enjoy
fresh food.**
