

Executive Director's Message

The mission of Captain Avery Museum is to celebrate the diversity of our community and engage it in activities that explore connections to the Chesapeake Bay through the prism of our historic home and waterfront property. Our vision is to be a center for the community to celebrate the culture of the Bay – past, present and future – around three themes: Water as Livelihood in the 19th Century; as Recreation in the 20th Century; and as a focus for Environmental Stewardship in the 21st Century.

During FY20 we completed extensive renovation at the museum, especially in our Great Room where the center columns were removed to improve traffic flow and visibility for our presentations. A new portico and waterside ramp provide easy access to the museum from our parking lots and lawn. New doors section off our kitchen for safety and allow access to the Great Room directly from the museum rooms.

In FY21 we are on track to put the excellent work of our Interpretation Committee into redesigning and installing our museum rooms to tell the stories of the Averys, the evolution from The Swamp to Shady Side, and the future of our precious resource, the Chesapeake Bay.

Events are how the Captain Avery Museum provides an important service to the community. Unfortunately, the fall weather and a pandemic that began in the spring seriously affected our ability to present programs and welcome guests. In October 2019, our annual Oyster Festival was washed out in a tropical storm resulting in light attendance and little revenue. Our Winter Luncheon Series in January and February, however, was sold out and featured six wonderful talks accompanied by delicious lunches courtesy of our generous sponsors: Christopher's Fine Foods and Skippers Pier Restaurant and Dock Bar and Ledo Pizza Deale.

GRANTORS

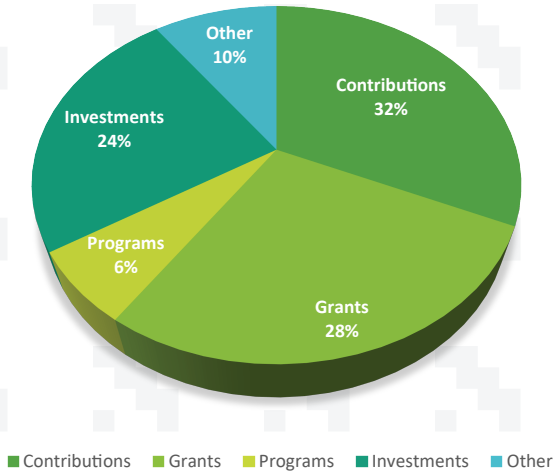

Our grantors invest in our museum and our community. The funds we receive from the Maryland Heritage Areas Authority/Maryland Historical Trust, Four Rivers, and the Arts Council of Anne Arundel County enable us to accomplish so much by leveraging our volunteers and resources. The Arts Council and Maryland Heritage Areas Authority/Maryland Historical Trust also provided emergency funding to help Captain Avery Museum stay "afloat" in these difficult times. We also benefitted from a grant from the Payroll Protection Plan funds. We appreciate the support of all our funders and their confidence in us as a partner.

FY 2020 BY THE NUMBERS*

FY20 REVENUE \$229,624

FY20 EXPENSES \$205,260

* Unaudited figures. Two issues affected our budget in FY20. First, our long-planned renovations triggered an investment from our endowment, that was partially re-imbursed with grant and bond bill funds. Secondly, the Covid pandemic significantly reduced program revenue and increased operations funding resulting in an unusual ratio of administrative to programmatic costs.

MEMBERS, DONORS AND OUR PRECIOUS VOLUNTEERS

We owe a debt of gratitude to our members, donors, and volunteers without whom we could not provide service to our community. We look forward to reopening our doors to our new museum and welcoming you all to new events and programs soon!

OUR GARDENS & OUR MUSIC

We are very grateful to Bill Mitchell - The Minimalist Gardener and his many garden volunteers. Many thanks also to our Executive Music Director Bob Israel and his talented musicians.

We welcomed new board and staff members in FY20 and bid a fond farewell and to others with our thanks.
