

THE BOLLY VET

A close-up portrait of Dr. Deepan Kishore, a man with dark hair and a beard, looking slightly to the side. The background is blurred, showing what appears to be a veterinary clinic setting.

Stethoscope & Spurs

Dr. Deepan Kishore has the ultimate fish-out-of-water story. Born and raised in India, he became a veterinarian and moved to the US with his family to get his master's degree in veterinary medicine. He never counted on getting a job offer from Neel Veterinary Hospital, Oklahoma's largest 24-hour Animal Hospital.

But Dr. Kishore and his family have embraced their new lifestyle: from cowboy hats to fancy boots to line dancing, they are die-hard Oklahomans through and through. And all the while, Dr. Kishore has become the best Vet in all of Oklahoma.

ER: Animal Kingdom

Neel Veterinary Hospital is one of the only animal hospitals that offers 24-hour veterinary hospital.

Founded by Dr. Tina Neel over three decades ago.

Access to the greatest variety and most advanced medical services and procedures available in Oklahoma.
