

1. Introduction

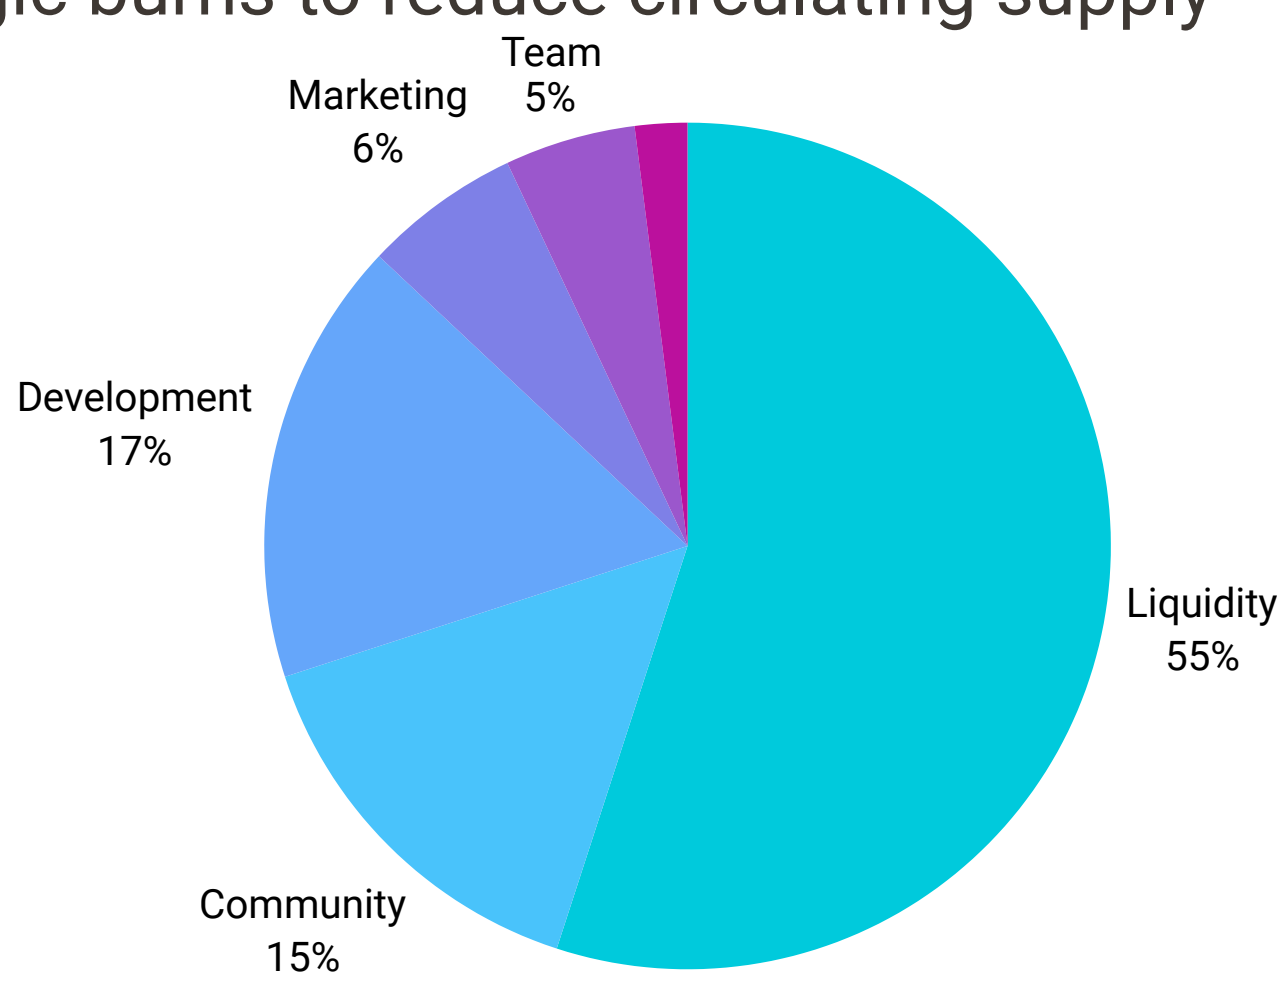

Dogesh is a community-driven meme coin built on Polygon for fast, eco-friendly, and low-cost transactions. Proudly born in India, Dogesh takes inspiration from the global success of meme coins like Dogecoin and Shiba Inu, adding its own playful twist – blending humor, culture, and utility into one collective movement. Dogesh isn't just another meme token; it's about building a vibrant community that believes in fun, creativity, and shared growth. With a bold vision to grow and thrive in value, Dogesh aims to make a lasting impact in the meme coin world – potentially reaching milestones like \$1, driven by our people-powered community.

2. Vision & Mission

- **Vision:** To build a strong, global crypto community that rallies behind a coin, powered by memes, fun, and financial freedom.
- **Mission:** To combine entertainment and real-world value through NFTs, merchandise, and blockchain gaming – ensuring Dogesh remains relevant beyond hype cycles.

3. Tokenomics

- **Blockchain:** Polygon
- **Token Name:** Dogesh
- **Ticker Symbol:** \$DOGESH
- **Total Supply:** 9,000,000,000 (9 Billion)
- **Burn Mechanism:** Occasional strategic burns to reduce circulating supply and increase scarcity.
- **Distribution:**
 - Liquidity Pool: 55%
 - Community & Airdrop: 15%
 - Development: 17%
 - Marketing: 6%
 - Team & Developers: 5%
 - reserve: 2%

Dogesh adopts a community-first distribution model, ensuring the majority of tokens stay in circulation with the people.

4. Utility

Dogesh is more than a meme – it's an ecosystem:

- **NFT Collections:** Exclusive Dogesh NFTs showcasing art, humor, and culture.
- **Merchandise Store:** Dogesh-branded apparel and collectibles, available globally.
- **Future Gaming:** Play-to-earn Dogesh games, blending memes with blockchain rewards.
- **Community Perks:** Giveaways, meme contests, and NFT airdrops for holders.

5. Roadmap

Phase 1: Launch & Foundation

- Smart contract deployment on Polygon
- Initial marketing & community building
- Listings on decentralized exchanges

Phase 2: Visibility & Growth

- Listings on voting websites
- Expansion of global community channels
- First NFT collection launch

Phase 3: Ecosystem Expansion

- Merchandise store launch
- Partnerships with influencers & crypto projects
- Regular token burns

Phase 4: Long-Term Development

- Dogesh play-to-earn games
- DAO governance for community decisions
- Push toward \$1 milestone

6. Governance & Community

Dogesh is a community-powered coin. The project's direction, partnerships, and ecosystem expansions will involve community votes and proposals through a future DAO framework. Memes, ideas, and creativity from the community are the true lifeblood of Dogesh.

7. Security & Transparency

- **Liquidity Lock:** Ensuring long-term trust and preventing rug pulls.
- **Transparency:** Regular updates, community AMAs, and open development.
