School-Based Behavior Technician

Behavior Technicians are crucial to our school team, focusing on supporting Kindergarten through Second Grade students. Your role involves implementing individualized education programs (IEPs) in both general and special education settings, providing one-on-one or small group support. A key responsibility includes recording data on IEP goals to assess and enhance student progress. Ensuring student safety and fostering their academic and social success are core to your duties, emphasizing the creation of a safe and positive learning environment. In this unique setting, a Board Certified Behavior Analyst (BCBA) and a Speech-Language Pathologist (SLP) lead the classroom, providing expert guidance and a multidisciplinary approach to education. Your efforts are vital in helping our students achieve their full potential within a supportive educational framework.

Responsibilities

- Implement individualized education programs (IEPs) in both general and special education settings
- Provide one-on-one or small group support to students
- Record data on IEP goals to monitor and assess student progress
