Credit Monitoring

Members have access to continuous credit monitoring through Experian. Monitoring can be accessed immediately by the member via the service portal dashboard on myidshield.com or through the free IDShield mobile app. Credit activity will be reported promptly to the member via an email alert and mobile push notification.

Credit Inquiry Alerts

Members will be notified via email when a creditor requests their Experian credit file for the purposes of opening a new credit account. Alerts may also be triggered when a creditor requests a member's credit file for changes that would result in a new financial obligation, such as a new cell phone account, a lease for a new apartment, or even for an application for a new mortgage. Inquiry alerts can be helpful in determining when an identity thief is opening a new account without the member's authorization.

Monthly Score Tracker

VantageScore is a monthly credit score from Experian that plots the member's score month-by-month on a graph. Upon activation and monthly thereafter, members will be able to see how their credit scores have changed over time, along with score factors that provide insight into what events may have caused their specific credit score to change.

Your identity protection plan includes 24/7/365 live support for covered emergencies, unlimited counseling, identity alerts, data breach notifications and lost wallet protection.
