

How to Pack for a Cruise

Let's have some fun getting things done!

Carribean Destinations

Make sure to check in for your cruise 14 days before your cruise - Depending on cruise lines check in could be up to 30 days before sailing! (Download the cruise app so you will know exactly when to check in - enter your reservation ID in the app so you can add your cruise itinerary to the app)

CASH is only needed on a cruise for tipping and in the Casino's, you will link your credit or Debit card to your Sign & Sail Card when you do your online check in. (Credit card is preferable)

You will choose your Arrival Time when you do your online check in! PLEASE DO NOT ARRIVE TO THE CRUISE PORT AFTER 2pm. The ship leaves at 3:00 - 3:30 pm (depending on the

cruise) you can arrive at the port as early as 10:30 in the morning!

Let’s get the Party started early so you won’t have to worry about getting left!

At online check in you can pick your beverage package, choose excursions, choose your bed type, and choose your dining room time.

- ☐ Pack swim shoes (sometimes there are a lot of rocks and seaweed in the ocean at some of the ports...protect your feet!!)
- ☐ Charging port (there are limitless places in your stateroom to charge your phone. So if you have multiple devices to charge, please bring a ship approved power strip (I found mine on Amazon)
- ☐ Pack a portable charger to bring with you in ports you don't want your phone dying while trying to take cute pictures in the port 😊

love to talk and mingle

But most importantly just have fun!!!😊
