PETITION SUPPORTING THE INSTALLATION OF SPEED HUMPS

We, the undersigned residents of _____, from _____ to _____ do hereby request that the Town of Sardis install speed humps on our street. By signing below, we understand that the speed humps with related signage and street markings may be installed in front of our house and may eliminate our ability to park along the street.

The sponsor of the petition shall contact every resident of the abutting properties on the subject street. **If a resident is against the speed humps, the word "opposed" is to be noted in the petition signature space.** If the sponsor is unable to contact a resident, "no contact" will be noted on the petition signature space with the days and times that contact was attempted. The sponsor must make at least two (2) attempts on separate days to contact a resident.

We also understand that installing speed humps may increase traffic noise and emergency response to our home. We agree that if, in the future, we desire to remove the speed humps, the humps will only be considered for removal after the receipt of a petition from a substantial majority (67% or more) asking for the removal, along with the sufficient funds for their removal (approximately \$1,000 per hump). Note that the Town may remove any or all of the humps at any time for safety reasons at no cost to the abutting property owners.

NEIGHBORHOOD REPRESENTATIVE: _____
