

November 2, 2021

Dear Friends & Citizens of Sardis,

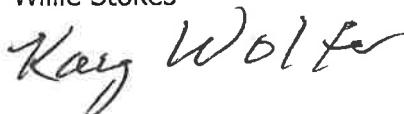

In an effort to help beautify & clean-up the town we call home we have started a campaign called Highlight Sardis. Our goal is to restore and embolden pride in our town by encouraging the participation of our citizens, businesses, churches and civic organizations to tackle litter and other distractions that hide the true beauty of Sardis.

Our inaugural project will be our "Adopt a Piece of Sardis" program based on the model that our Alderman at-large, Michael Price, along with Willie Stokes initiated. When you Adopt a Piece of Sardis you become the steward of a street, multiple streets, or a portion and ensure it stays litter free on an ongoing basis. This should not be a chore! We encourage you to make this a fun and creative activity that instills a sense of accomplishment to all involved.

To sign-up and check availability please contact Willie Stokes (662)934-4549 if you are west of the railroad tracks to the city limits and contact Kay Wolfe at (662)609-6450 if you are east of the railroad tracks to the city limits. For more information and inspiration please call Willie Stokes or Kay Wolfe. We are here to help you highlight your piece of Sardis!

Sincerely,

Willie Stokes

Kay Wolfe
