

Hello Everyone!

My name is LeAnn Ohlensehlen. I'm the Children's Librarian and I will be leading the STEM program this year. A few basic procedures for the year:

1. Please fill out a registration form for your child (if you haven't already) and send it back to the library. This helps us so we have contact information in case of an emergency.
2. Each child will sign in when they first get to STEM each day.
3. Your child will need to be signed out by a parent or guardian each day when you pick them up.

-If you marked on the registration form that they "are to walk home", then they will sign themselves out when they leave.

4. I expect the kids to follow basic classroom rules. Listening and following directions are especially important with some of the fun activities we will be doing.

5. I understand life is busy! So don't worry if your child has to miss a few days of STEM.

5. If you have any questions or concerns please don't hesitate to contact me at leann.mclibrary@gmail.com or by phone at the Library 660-442-5700 (Tuesdays and Thursdays).

I'm very excited to start a new year of STEM!!
