

STEM Information

Hello Everyone!

My name is Diana White and I will be leading the STEM program this year. A few basic procedures for the year:

Please take notice of the new format this year. We will be meeting ONLY 6 times each semester, all grades on the same day!

1. Please fill out a registration form for your child (if you haven't already) and send it back to the library. This helps us so we have contact information in case of an emergency.

2. Each child will sign in when they first get to STEM each day.

3. Your child will need to be signed out by a parent or guardian each day when you pick them up.

(If you marked on the registration form that they "are to walk home", then they will sign themselves out when they leave.)

4. I expect the kids to follow basic classroom rules. Listening and following directions are especially important with some of the fun activities we will be doing.

5. I understand life is busy! So don't worry if your child has to miss a few days of STEM.

6. If you have any questions or concerns, please don't hesitate to contact me at dswwhite@gmail.com.

I'm very excited to start a new year of STEM!!

Commonly asked STEM Questions:

1. How much does it cost?

It's completely Free!

2. Does my child need any special supplies?

No, the Library will supply everything needed for each activity.

3. Is there transportation provided after school?

No, the students must find their own way.

Most students just walk to the library with the other STEM kids after school.

4. Can an older/ younger sibling attend STEM also?

Unfortunately, no. Because of our limited space, only students in 3rd, 4th, and 5th grades can attend.

**For any other questions please contact Diana White at dswwhite@gmail.com or the Mound City Public Library, 660-442-5700.*

STEM Registration Form

Please fill out and return to the Library before or on the first day of STEM

Participant's Name: _____

Grade: _____
