

4.9 Pediatric Critical Care Staffing—TYPE II

Applicable Levels

PTCI

Definition and Requirements

In Level I pediatric trauma centers, there must be at least two physicians who are board-certified or board-eligible in pediatric critical care medicine or in both pediatric surgery and surgical critical care.

These two physicians must practice at least part of their time in the ICU where the majority of pediatric trauma patients are cared for.

Additional Information

Refer to Appendix A for details on board certification and board eligibility.

Measures of Compliance

- Evidence of board certification or board eligibility
 - ICU call schedules
