1st Place: Mike Ieletzky & Patrick O'Keefe - 16 lb 00 oz

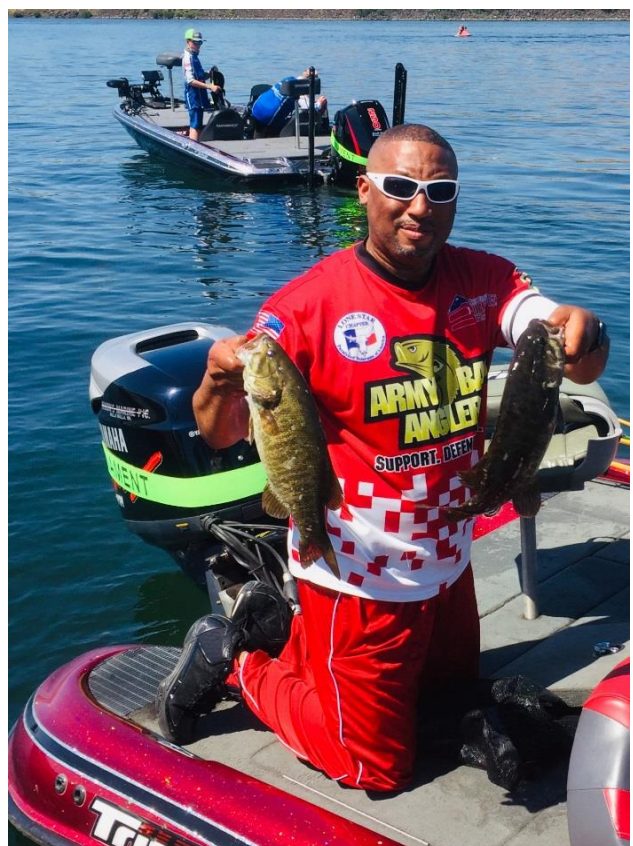

Patrick and I were catching them pretty much all day with top water and swimbaits. Found a spot that had current, rocks and grass. We were sitting in 40 ft of water but casting in no more than 8-10 ft.

2nd Place: Zip Decker & Jevon Jackson - 13 lb 13 oz

The first hour of surface fishing resulted in one 2lb fish in the well. We had to make adjustments. Coangler Jevon Jackson set down the top water early and put it's twin in the box using a swimbait. The river was flowing higher than normal for the season and the additional current we used to our advantage. Fish in these waters are active and tend to be more aggressive. We placed the boat in slack water and cast upstream into the current. Within an hour we filled the limit and culled a couple of times. A 3lb fish each for myself and Jevon. The next adjustment was to simply fish swimbaits on top water spots selected up and down the river. Including a submerged island that produced the beauty on the right.

3rd Place: Dave & Brennan Osborn - 12 lb 04 oz

We found our fish in current anywhere from 10-20 of water. We had prefished these spots, so we knew these fish were stacked up on the front side of islands. As far as catching them, pretty much everything we got down there could catch them, but the ned rig, drop shot, and deep diving crank-bait ended up producing our final bag for 12lbs 4oz.
