

**CUBA CANADA PET RESCUE**

## **OUR WISH LIST**

## ***Can You Help Us?***

We currently have suitcases full of much needed donations we need to get to our refuge. Could you take one with you? We cover all expenses. You will receive an unlocked suitcase with an inventory of what it contains, for you to check. We also include a letter in Spanish should you be required to provide more information in Cuba. Our friends in Cuba will pick up the suitcase from your resort and get it our Refuge.

We also have pets in Cuba with families waiting for them in Canada. Could you be a "Flight Parent" and accompany one back? We cover expenses - all you have to do is meet a sweet puppy at the Cayo Coco airport. We will take care of the paperwork and one of our Cuban volunteers will meet you there. The new family will meet you and the pup at the airport in Canada

We have finally acquired about 1.5 and acre of land with a "house" in Ciego. We are working hard, and it will become our animal refuge, clinic & adoption centre. It is in poor condition and requires lots of renovation and refitting. So, we need tools and anything that could be used for setting up inside the house (used things are ok).

You should know that we also assist *people* in Cuba. It is a full circle where helping people, helps animals. And helping animals, helps people. Please visit our website: [cubacanadapetrescue.com](http://cubacanadapetrescue.com)
