Tidied up at last!

A welcome gap in the wet weather made it possible for the team from Fountain Tree Care to smarten up our yew tree. Because the Chapel is in a Conservation Area we had to wait for permission for the work so this and the rain meant it was overdue.

This is a real rousing one - My favourite hymn returns this month. A new view - Something has changed, inside and back pages. Some things won't change - Verse for the month, back page.

My favourite hymn

by George A'Court

This hymn, written in 1893, is a long-standing favourite of mine because it tells of what all born again Christians look forward to.

When the trumpet of the Lord shall sound,
and time shall be no more,
and the morning breaks, eternal, bright and fair;
when the saved of earth shall gather
over on the other shore,
and the roll is called up yonder,
I'll be there.

*When the roll is called up yonder,
when the roll is called up yonder,
when the roll is called up yonder,
when the roll is called up yonder,
I'll be there.*

On that bright and cloudless morning
when the dead in Christ shall rise,
and the glory of His resurrection share;
when His chosen ones shall gather
to their home beyond the skies,
and the roll is called up yonder,
I'll be there.

Let us labour for the Master
from the dawn till setting sun,
let us talk of all His wondrous love and care;
then when all of life is over,
and our work on earth is done,
and the roll is called up yonder, I'll be there.

Isaiah 58:11 The LORD will guide you continually, And satisfy your soul in drought, And strengthen your bones; You shall be like a watered garden, And like a spring of water, whose waters do not fail.

If we listen with all our hearts to The Word of God so that our hearts are changed then we will have a message of hope, says Isaiah. Put God first, second, and last and replace religion with reality.

Something has changed . . .

In 1938 the inner entrance to the Chapel was altered and central doors and aisle replaced the original design. For some time we have considered making the entrance lighter and more welcoming and with the help of Fullers Finer Furniture of Weston-Super-Mare this is now a reality. To improve access the new doors are of unequal width and the height has also been raised. This photo shows the view from outside and the aspect from inside is shown on the back page. We think a smart job has been done. To comply with fire safety they open outward now, so remember to pull to open.
