

Welcome to our 16th Season of Florida Tri-County Adult Handicap Baseball.

We are an organization for the physically or mentally handicap people who enjoy playing a game of baseball. Everyone gets to participate in the game. However they must be aware of their surrounding.

In the past all registration fees were paid for by donations as in the insurance for the players and the equipment, team uniforms, team pictures and end of season party, trophies. Unfortunately this season we are asking for a \$25.00 registration fee, if you cannot afford this please contact Kathy Samson. Also we will need at Medical consent form signed off by your doctor stating that the person can play. The insurance that we have to cover the players as a secondary provider. **The age range from 16 years old and up. They must be aware of their surrounding. Also if the person needs an Assistant they must provide one, stay with them or along side them. They know them better than we do.**
