

Welcome to our 18th Season of Florida Tri-County Adult Handicap Baseball.

We are an organization for the physically or mentally handicap people who enjoy playing a game of baseball. Everyone gets to participate in the game. However they must be aware of their surrounding.

There is a \$25.00 registration fee for each player. We are getting all new uniforms this year. The helmets were given out for each individual player to put their names on the back of the helmets last season. If you have any questions you may contact Kathy Samson. Also we will need a Medical consent form signed off by your doctor stating that the person can play. A **MUST** have if you are 65 years or older. The insurance that we have to cover the players as a secondary provider. **The age range from 16 years old and up. They must be aware of their surrounding. Also if the person needs an Assistant they must provide one, stay with them or along side them. They know them better than we do.**

Due to Covid 19 there will be some changes in the way we operate our games this up coming season. When sign up on these dates you will be given the changes on a flyer.
