Per our discussion this morning regarding the above residence, the average annual usage is 950 gallons.

The 500 gallon propane tank located at this residence is the property of Central Butane Gas. It does have a free lease. No other company can service this tank. The new owner should contact us to put service in their name.

Also, the propane tank was just filled on 4/20/22 so I imagine it is still close to 80% full. If the sellers want reimbursed for the propane, I would recommend someone read the tank and Central Butane can provide the value paid for the propane remaining in the tank, and the buyer can purchase the gas from the seller at closing.

Let me know if I can be of any further assistance.

Good luck with the auction.

Thanks,

Jackie Groves

Central Butane Gas
