Please keep in mind, the Association's policies **preclude us from changing the billing name** of the owner of the share into a renter's name. Due to the Account Information Policy, renters are not allowed to access any information regarding the shareholder's account without the Association having written permission from the shareholder.

Additionally, we would like to caution you that the Post Office frequently returns members' water bills to us if it is addressed to a shareholder at the mailing address of another individual.

Regards,

Three Lakes Water Association Staff
