## Informational Meeting for Prospective Students

Sacred Path Healing is a three-year program of intensive study of spiritual awakening, processing, meditation and healing. The first year is focused on self-healing; the second and third years build upon the first, culminating in ordination, spiritual healership and earth stewardship. The curriculum provides the education, experience and support necessary to become a skilled, confident and successful energy healer.

**Sacred Path Healing is a school whose mission is to teach and practice love.**
