

CONFETTI WARDROBE

—◆—  
A STYLISH TEEN BEDROOM

# TRANSFORMING A SPACE

This project involved changing a space from a child's bedroom to a stylish teenager's room with study space and lots of storage. The design including "colour-drenching" where everything is the same colour; the walls, the ceiling, the furniture, the soft-furnishings etc.

# DESIRABLE DETAILS

The stunning wardrobe and study area of this room were built from birchply and painted Confetti by Little Greene Company. Routed handles give tantalizing glimpses of the white oiled interiors. The desktop was left with a beautiful natural wood finish to balance the room.

# REFRESH & REVAMP

If you have a space that needs a total overhaul not only in design & style but also in terms of function and usability, speak to the team at Nordhus furniture to see what we can suggest. Send us your ideas, requirements or questions and we can help you to plan your brand-new looking room. Contact us at [info@nordhus.co.uk](mailto:info@nordhus.co.uk) to start the discussion about how to transform a room in your home.
