PART 2 OF YOUR BUSINESS

SHARING THE OPPORTUNITY

As part of your business, you will have the *option* to earn by offering others the opportunity to join the team through you, via our host marketing company - PlanNet Marketing.

This is a great way of helping someone that you may know who may also be looking to earn an extra income, travel more or start their own travel business! Without knowing it, you probably already have many people in your extended network who would love to benefit from doing this too!

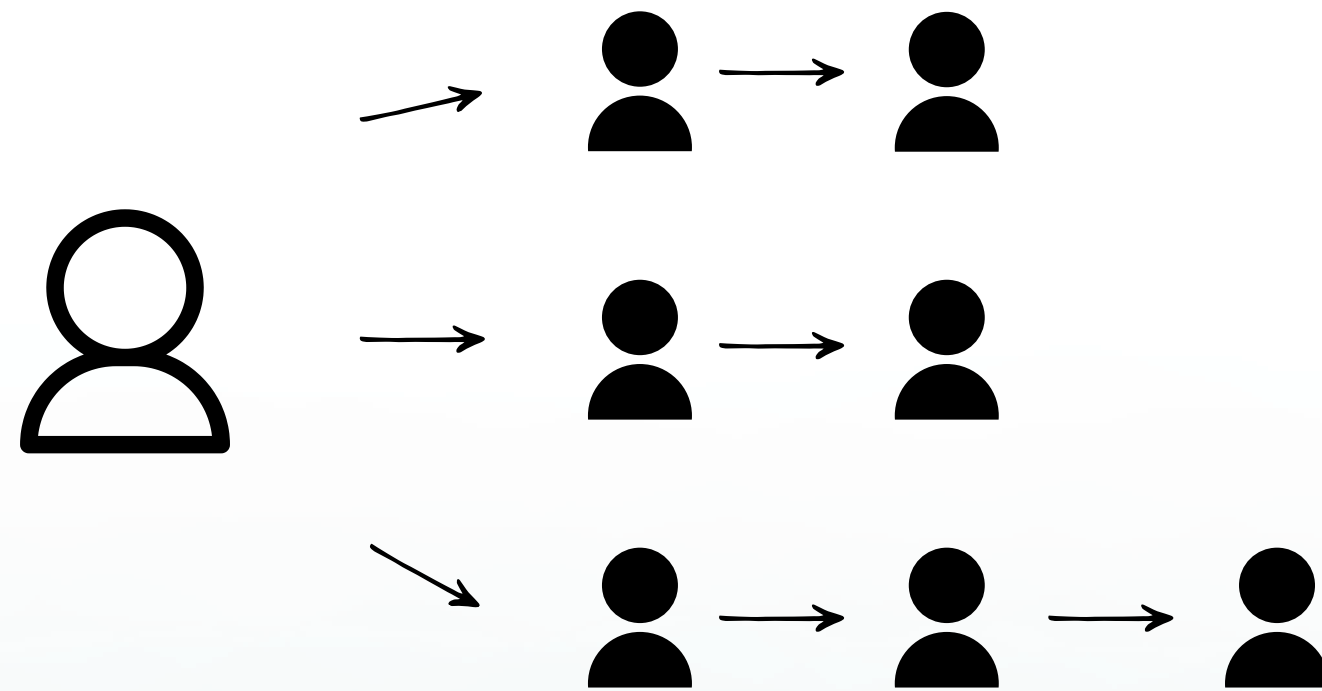

SHARING THE BUSINESS

We all share things we love every day. Whether it's a great series on Netflix, a discount code for an online shopping retailer, your favourite restaurant or that new coffee shop in town. Most of us do it without even realising!

When you share a product or business you love with a friend or post a picture on social media, you are in fact Network Marketing! It's something that we do anyway but with our business, you have the option to get paid for it!

BECOME A MARKETING REP

Every time you sell the Travel Agent business - you as the REP, will receive a sales commission starting from \$50 (paid weekly). There is no limit to the number of sales commissions you can earn and this commission increases as your team grows!

You will also receive a monthly residual payment of \$4 per each active agent you have within your team. It is paid to you on the 10th of every month.

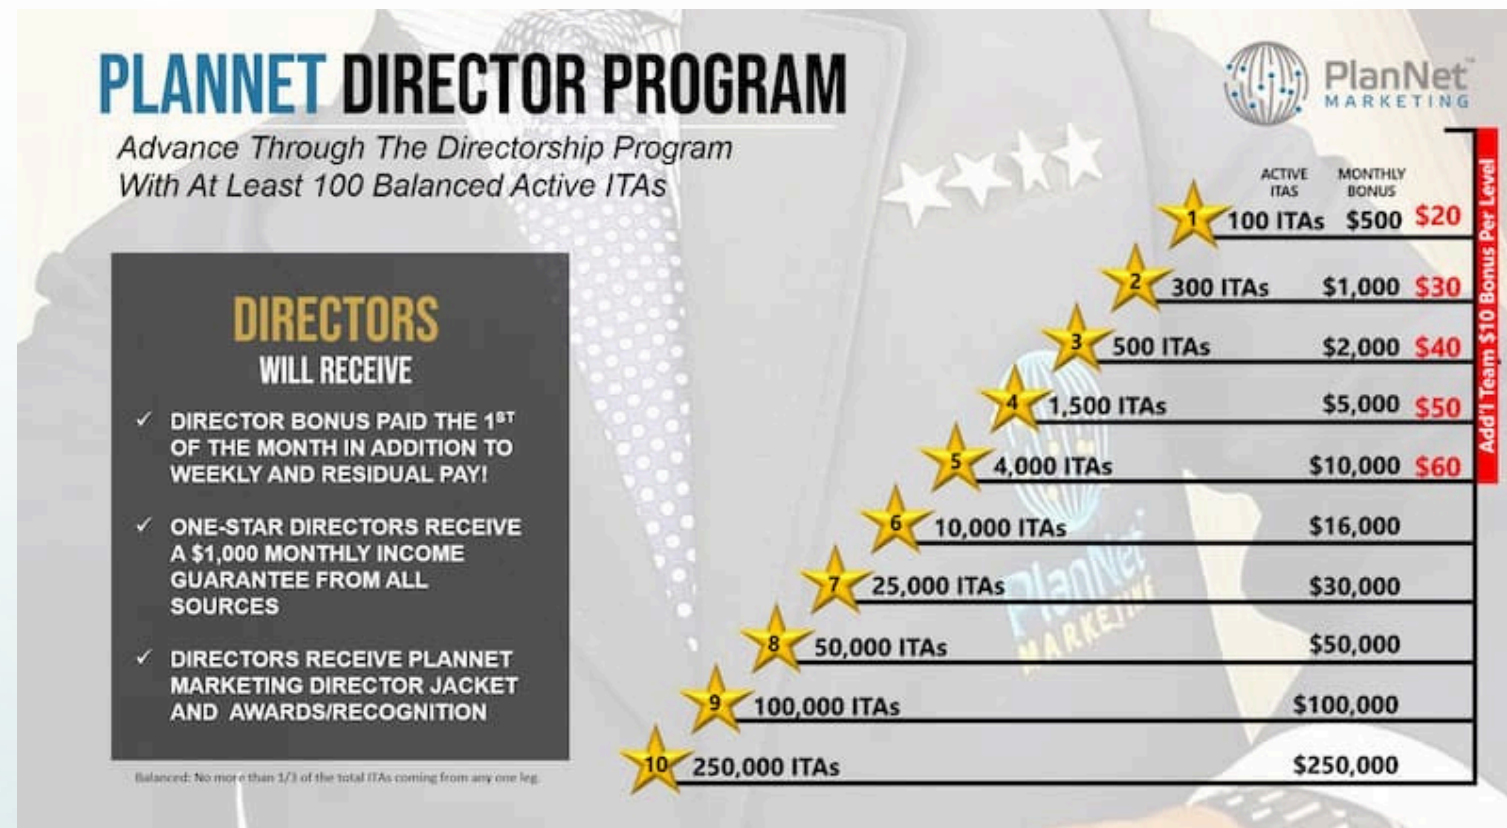

COMPENSATION PLAN

As a Rep you are provided with all of the marketing and sales tools and support that you need to grow your business. When you enroll someone who also wishes to Rep and they make an ITA sale, you, as their Sponsor, are also rewarded with a 50% Match (\$25.00) on their ITA sales!

As you continue to enroll Reps, who also choose to share the business, your team grows and so does your earning potential! As your business grows, you become eligible for increased levels of earning and explore the many benefits available to you as a PlanNet Marketing Rep.

Take a look [HERE](#) at the PlanNet Marketing Compensation Plan.

Not only can you build a weekly and monthly income by helping others to join the business, you will eventually unlock bonuses and increased earning levels.

TEAM TESTIMONIALS

Chris

After working in corporate for a number of years I realised I no longer wanted to spend my days working hard to make others wealthy, under constant stress and on the verge of burn out. I wanted an opportunity where my hard work was reflected with REAL increase in earnings and all the freedoms what come with it. My goal is retire myself and my wife, so we can travel the world, live comfortably!!

Jess

Hi I'm Jess I started this business 2.5 years ago, in that time I've booked around £200k worth of travel which has bought me commissions that have actually paid for my kids clubs for the year, family holidays and more. I also really enjoy mentoring a growing team and helping others make a passive income by sharing something that everyone needs in their life. TRAVEL! Xx

Jill

Hi I'm Jill and I started 14 months ago. I work full time and work this business in pockets of time. I've booked €70k worth of travel and travelled more this year than I normally do (which was quite a lot already!). I work both sides of the business and have a fabulous growing team! If you love travel, are coachable and would like more money in your pocket each month, then what are you waiting for!

Christina

I invested into the travel platform two years ago, purely because I wanted to be able to take the family away more often when my husband was on leave from the Army. After a year of booking travel I then decided to jump into the marketing side, I have met some incredible like minded people and I absolutely love how this business works. This year I was able to pay for my entire family summer holiday through the extra income I earned and have already booked two for next year!

I'm a proud dad of two. As a parent, I've come to realise just how expensive traveling with kids can be! That's one of the reasons I joined the travel business. Doing so has given me access to amazing travel and exclusive rates. On top of that, I get to enjoy incredible intel perks. What's even better is that I can earn commissions when I book travel for friends too!

Whether it's for myself or when I'm helping friends and family with their trips, there's nothing quite like arriving at a hotel and being given the special treatment of a Travel Business Owner!

Joining the travel business has been such a game-changer for me and my family.
