Hello,

We are a 501(c)3 non-profit foundation established in 2022, in memory of Tyler, who lost his battle with mental illness on October 17, 2018. Tyler died by suicide a day before his 30th birthday. Tyler was smart, sincere, athletic, passionate and musically inclined. His smile could light up the room.

Our goal in raising monies is to promote awareness regarding mental illness to help others before it is too late. This past year, The Tyler Joseph Leonard Memorial collaborated with Kaleb Joseph and his Self-Help tour, sponsoring his speaking engagement at (6) local high schools and (1) college. Combined, over 5,000 students were able to hear Kaleb's message of identifying, processing, and managing emotions while being open to the other side of vulnerability. In addition, the proceeds of our fundraiser provided \$5,000.00 in scholarship money to local South Coast high school seniors.

Any gift of generosity is greatly appreciated and will have a major impact in helping us continue our mission of breaking the stigma regarding mental health. We thank you in advance as we strive to help those that struggle with mental illnesses so that they have the power to say, "This is not how my story will end."
