NATURAL VEGAN PHYTOMELATONIN

DREAM BETTER, NATURALLY

Why **Phytomelatonin**

Melatonin is one of the top ingredients used in sleep aid supplements. However, most of the commercially available Melatonin in the market is **SYNTHETICALLY MADE UTILIZING HARSH SOLVENTS**.

With its focus on natural and vegan nutraceutical ingredients, Nutraland USA now introduces a **PHYTOMELATONIN DERIVED FROM A BOTANICAL SOURCE** to meet the growing demand of “green” consumers for natural products.

Phytomelatonin from Nutraland USA is naturally extracted from a botanical source, which gives sleep aid supplement manufacturers a Clean Label alternative to offer a **NATURAL, VEGAN** and **NON-GMO** Melatonin to their customers.
