

Jim Harris
District 1

I am running because I'm confident I can contribute to the effective and efficient running of Pender County as a member of the Board. Despite the growing animosity amongst party extremists on both sides of the aisle, I firmly believe that reasonable people can agree to solve almost any problem. I will lead with open, democratic principles and a strong belief that small changes will lead to lasting improvements over time.

Demetrice Keith
District 4

I enjoy being a public servant representing the people, ensuring democracy and democratic tranquility in Pender County Government. For this reason, I seek this office to help create a better quality of life for the citizens of Pender from the farmland to the beach coastline. We need to build stronger infrastructure so we can build better schools and create more job opportunities.

Dan Kinney
District 2

Most local and state officials are part-time with full-time interests other than our own. My interests are Pender County taxpayers, having retired after 40 years of public service at both the county and state level. I have served on the boards of community and youth sports organizations, gaining experience in listening to and learning from the most important stakeholders in a community: families and their children
