

## **Join DWPC as we welcome MO GREEN to Pender County**

**Mo Green is running to be North Carolina's next State Superintendent of Public Instruction, the chief administrative officer for North Carolina's public school system.**

This is a wonderful opportunity to meet Mo and show our support for him in this extremely competitive and important race. This is not a Democratic or Republican issue – Mo believes that ALL children deserve and should get a first-rate public school education in North Carolina.

If you care about the future of public schools in NC - please share this with family and friends, your teachers and school administrators, and parents/grandparents of school aged children. This is a chance to talk with and learn how he intends to take our schools forward to a new level of excellence. The stakes could not be higher – this is a race we MUST WIN!

**October 17<sup>th</sup> 6:00 pm - 8:00 pm**
