

SFPA Lifeguardsians Scholarship Questionnaire

Our mission at Safety First PediAquatics is to create a safe environment for all children to enjoy the water by teaching high quality training in life saving swimming skills as early as six months of age. We are so excited that you've decided to give your child one of the greatest gifts, swim lessons.

We understand that times can get tough and with our non-profit, SFPA Lifeguardsians, we are here to help children who would otherwise be unable to afford high-quality swim lessons. To begin the scholarship process you will need to complete a scholarship application and answer the SFPA Lifeguardsians Questionnaire. We also ask that you provide proof of participation in another qualified financial assistance program and household income (a recent pay stub from your employer or a copy of last year's tax return) or a letter from a physician documenting your child's disabilities. Please note that scholarships are on a case-to-case basis and available funds.
