RUFF University ABC Data Collection Sheet

Date/Time	Observer	Antecedent What happened right before the behavior	Behavior What the behavior looked like	Consequence What happened directly after the behavior or as a result of the behavior	Comments Setting, People, Animals, etc.

Example

Date/Time	Observer	Antecedent	Behavior	Consequence	Comments
10/15/23 5:43 pm	Sara	I walked in the front door after work.	Lola jumped up on me. Her legs came off of the ground.	I said, "No jump." She kept jumping anyway.	House. Just me. No other animals.
