Grace Academy is committed to approaching education from a Biblical worldview. The values and standards we uphold are intended to be an extension of the values already established within the families who enroll. We teach our academic disciplines in harmony with Biblical principles, so that students may be successful in their life pursuits and careers. At Grace Academy, we want to give each student a quality education in all their core academic subjects, so that they may continue to excel if they choose to pursue post-secondary studies.

Because of our size and focus, we realize that there are some programs or opportunities that we do not offer. If you want your student to participate in activities in other settings during the school day, please discuss your intentions with the principal before scheduling programs of this nature. We will accommodate those if possible.

Statement of Commitment:

"We (or 'I') agree to uphold and support the academic standards of the school. We will provide a place at our home for our student to study and give him/her assistance or support in the completion of homework."
"Throughout the enrollment of our student at Grace Academy, we understand that our student is expected to exhibit conduct that is morally upright and respectful, whether at school, at home, or elsewhere."

"We will support the regulations and standards of the school on the applicant's behalf. I authorize Grace Academy to employ such discipline as it deems wise and expedient for the training of our student. We will communicate with the administration if we desire to have a specific approach taken with our student for a given discipline situation that is not the norm. If Grace Academy cannot accommodate our desire, then we will discuss how the situation may be resolved or we will remove our student from the school to avoid further conflicts."

"We understand that the school reserves the right to dismiss any student who fails to comply with the school's standards, regulations, and discipline. We understand the terms stated on this application and agree to them."
