

Q (SA) What about drugs, were you taking any drugs?

A No, not that I know of.

Q (SA) Okay, then what happened?

A He said he had time to kill. I said "well, if you want", I said "I'm just screwing around, if you want a ride, you can ride with me", and when we started riding around uh, I believe I started the conversation askin' him if he had ever gotten into to sex or ever gotten blown or that. Would he like to get blown, he said "Yeah". I says "Well have you ever been blown by a guy", and he didn't seem to think there was anything wrong with it.

Q (RMM) I want to ask you something, is there anything that you remember specifically about picking him up, the car, anything specifically that we can tie a date into? Do you remember the car you were in?

A The only, the only chronological order that I can give you is the date from his dad--it had to be right after New Year's cause I know.....

Q (RMM) Now remember what I told you about assumptions, John. You're assuming you were in that green station wagon, right?

A I think that's what kind of a car I had at that time.

Q (RMM) Do you remember specifically? Right now, do you remember?

A No...I was....

Q (RMM) Do you remember getting out of the car and talking to this guy?

A The reason, the reason why is I had several green Oldsmobiles, then I think I had one blue one and then I got the black one.

Q (SA) So you're reconstructing this?

A I'm tryin' to reconstruct it.

Q (RMM) Do you remember specifically getting out of the car and talking to this guy?

A .....No, it just as possibly could be that I was still sittin' in the car and he came up to the car.

Q (SA) You don't remember?

A I don't, I don't know.

Q (RMM) Didn't you mention to me on a prior occasion that he had a key to a locker?

A Yeah, in his pocket.

Q (RMM) Did you remember that specifically?

A Yeah, because I, uh, that was after he, he was dead that it was in his pants pocket.

Q (SA) Okay, I want to hear the rest of this story, about the guy. You started talking about sex and then what happened?

A We went out to my house. He said he was hungry. Somethin' about bein' hungry--that he didn't mind gettin' into somethin' like that, but he was hungry. He came out to my house and I

fixed him something to eat. Then we sat around eating, and, and I think we had a couple drinks. This had to be around, I'd say, 2:00 in the morning.....

Q (SA) So the two of you were having drinks then?

A Yeah, I, I, I think I, I drank....

Q (SA) And he was there with you?

A Yes. All the time he was. Then we went to the rear bedroom with the green carpeting in, which would be the back bedroom, not the, the present one, which is the master bedroom, the red carpeting.....

Q (SA) Is there any reason you went to the bedroom and you didn't do it in the living room or somewhere else in the house?

A I don't know. We went into a bedroom where there was twin beds....

Q (RMM) That sticks out in your mind--you remember that?

A Yeah, there is, there was twin beds in the room, because that was my room. The front bedroom was my mother's at that time see, and she had a double bed. But we went to the room where there was twin beds cause, I.....oh, I don't know, I'm assuming--maybe I thought that my mother might come home in the morning and that's why we were in my bedroom because he could go in one bed and I could go in the other. We, we both got into oral copulation.....after it was over, I think I just fell off to sleep.

Q (SA) Sleep?

A Yeah, I had to--cause I was, I was layin' in bed and I, and I woke up and I seen him comin' in the room with a knife in his hand.

Q (SA) Where were you when you woke up?

A In bed....

Q (SA) Which bed?

A My bed, the one farthest, closest to the window.

Q (SA) Where did you have sex?

A In the same bedroom, on the other bed, the one he was sleepin' in. Either that or after we had the sex--we both--he went--he laid down on the extra bed and I laid down on.....

Q (SA) What knife--was it a concealed knife--what kind of knife was it that he had in his hand?

A From the kitchen, the knife that I cut the, the sausage with.

Q (SA) Where was that knife?

A Layin' on the counter in the kitchen.

Q (SA) And he was just coming at you with that knife?

A Yeah

Q (SA) Did he say anything?

A No, I, cause I think I startled him.

Q (RMM) Where was he when you first saw him with the knife--how close to you was he?

A About two feet from me,

Q (RMM) Almost right on you?

A Yeah

Q (SA) Almost touching you--over you on the bed?

A Yeah

Q (RMM) Is it possible that you weren't waking up from a sleep, but were waking up from a stupor--that you had been unconscious?

A That's possible, I don't know...

Q (SA) Did you get violent with this guy during sex at all?

A Nope

Q (RMM) Is there any reason he'd come at you with a knife that you can think of?

A The only thing I can think of.....the only thing I.....

Q (RMM) Anything that happened the night before?

A No. We had oral sex and, and, after, after it was over we both were--ya know, you're tired.

Q (RMM) What was he wearing when he had the knife in his hand coming towards you?

A I think all he had on was his Levi's.

Q (SA) What did you do?

A I jumped up and I wrestled with him in the bedroom, and pushed him out of the bedroom into the hall and then from the hall into the front bedroom.

Q (SA) Where was the knife all this time?

A In his hand, I was holdin' his one hand and, uh, I got slashed from him and I got, then, I was able to knock him down and knock him off his feet.

Q (RMM) Where were you slashed?

A On the, uh, left wrist.

Q (SA) How were you holding him? His arms? Were you holding his arms?

A Yeah, I grabbed his arm.....

Q (SA) Let me ask you something, as you saw the knife coming down on you, you didn't have his arm already, you grabbed it as you were.....

A Yeah, well when I flew out of bed I knocked him off his feet. I wrestled him all the way into the, to the front bedroom....there and, uh, he, uh, I think I, I, while I was wrestling with him was when I got stabbed, cause that's what made me mad--cause I took the knife, I think I stabbed him in the chest...four or five times.

Q (SA) How did you get the knife from him?

A Well after I knocked him off balance....uh, I pounced down on top of him.....

Q (SA) And you said that after you knocked him off balance, you were holding his arm and he slashed your wrist.

A Well yeah, cause he come down with the knife.

Q (SA) Well, how did you get the knife out of his hand?

A Well, when he lost balance and I knocked him over when I--I fell on top of him when I fell on top of him then I took it from his hand.

Q (RMM) This was in another bedroom?

Q (SA) In what position were you on top of him?

A Well, my knees were into his stomach and chest....grabbed the knife from him and.....

Q (RMM) This is after you had wrestled into the other bedroom. Then he fell down and you were on top of him.

A Yes

Q (SA) Did you have clothes on then?

A Did I have clothes on? I think just underwear.

Q (SA) Did he have clothes on?

A Yeah, I, I think he had his Levi's on, just his pants, no shirt, no shoes or socks.

Q (SA) So was he dressed to leave at that point?

A No. Cause he came--I think he was saying that he was sorry--he was sorry he didn't mean to--that he wasn't gonna hurt me or--I don't know.

Q (RMM) You stabbed him four or five times?

A Yeah

Q (RMM) Did he appear to die immediately, or was he still alive, was he breathing or did he appear to be lifeless after the stabbing?

A No...I think after the first or second stabbing all you could hear was the, the gurgling of blood in his lungs or somethin'-I don't know.
