

Ya gotta remember, David is a drug dealer, Da-David is uh, uh, a pimp and a drug dealer and because of this, he wants to keep his own background private, ya know. I think when I showed you that clipping on that murder of those, those, those boys, and that other guy was involved with it-- that guy is a friend of David's and came to work for me. His dad has got a criminal record. Go down to the California street, Shakespeare Avenue Station and ask about Cram, the word "Cram" is known down there--David Cram's father.

Q Would you say he is of normal intelligence, below normal?

A No. David, David Cram is ●●●● he's intelligent, but he ca--he can't keep his mind on one, one thing too long. He gets--he's impatient, he wa-, he wants to be at the top right away for one thing. Secondly, my evaluation of David, is he's too quick tempered--he's, he's always lookin' for the easy buck and he lies like a son-of-a-bitch when he, when he doesn't get his own way. He and I--when he was workin' for me he was off and on working for me for the two and a half years. I believe that he would, he would either quit or was fired at least seven times where we came into confrontation where I would not tolerate that kind of bullshit on a job. You do it my way, or you get the hell out. And at, on times he took it to leave--or when he really upset me, I would kick him out. The reason he lived with me, also, and uh, during the time he lived with me the sex did not pick up...

Then we, we had been talking about oral sex and stuff like that and I, uh, was horsing around and we were bullshitting about that and we were smoking and we were drinking. And I got him to put the handcuffs on himself, which he did, and I got him into oral copulation. I, I believe I did him and then he did me. Um, he left--I dropped him around midnight or after midnight, 1:00 in the morning or so. He had stated to me the next day, ya know, he came back, he came the next day to start working and I had stated to him I didn't think he was gonna-- I says, "I was surprised that you came back". He says, "W-When I left your house, I was gonna go home and get my gun and come back and kill you".

Because I had more or less got him into something that he claims he had never done before. No, no ●●●● but, I mean, alright, h-he, he uh, we both came off, but I, so the next morning when he showed up for work, I told him I was surprised he showed up for work. Of course, I didn't say it in front of the other employees that were there, but on the side I had talked to him. He had stated that he had thought when he went home he was gonna go and get his rifle and come back and kill me. And I stated to him, I said "well why didn't you?" Cause he says "no", that he had thought about it and there was nothing wrong with what he had done.

In the three and a half years -- Based on fifty-two weeks out of the year, I would think there was times it was once or twice a week, there was times that it was twice in one day and then there was, towards this last year, its spanned out as much as two weeks. When Rossi wanted something, he knew how to get it out of me.

Q Was it always oral sex?

A No, I uh, I also uh, had ●●●●

Q Anal intercourse?

A Anal intercourse, yeah.

Q was that mutual?

A He didn't like it, no. Never mutual, he didn't go in for it.

On a lot of occasions, well, when Rossi had a key to my house, Rossi would come over in the morning, sometimes I could be laying in bed and he would just come on over and blow me. Before I was even out of bed. I'd be sleeping in the bed.

He would just come in, take his clothes off, and get, ya know, get on the bed. And I used to tell him, I says "well if you don't like it, how come, how come you're always getting hard and how come you always get into it?" Cause he was always lookin' for something, he always wanted something. We had never had no arguments about it. Its just at the point of where he was getting more serious with Cathy that he didn't like the idea of doing it as often. In fact, he was going to quit for that reason. I says, "well", I says, "you're the one that ploys it out, so if you don't want to get into it, why don't you just--you tell me when you want to do it."
