Hair Prep – Let's Get Ready!

To get the best results on your big day, please follow these prep tips and make sure everyone getting their hair done has a copy.

- Wash hair the night before (shampoo twice, condition once).
- All hair must be fully dry in the morning (unless you're booked for a short hair blow dry).
- No high buns or headbands—just a low ponytail is perfect.
- Curly or wavy hair? Please blow-dry straight or roughly straighten for smoother styles.
- Heat protectant is fine, but skip oils or serums.
- Working with your natural curls? Prep your hair as usual the day before and make sure it's dry for styling.
- If hair isn't prepped correctly, extra charges may apply.
