

Derma Sync

Food Supplement with Probiotics and Vitamins B2 and B3

30 capsules

Net weight ≥ 15 g e

WHAT IS DERMA SYNC?

Derma Sync contains a blend of three SynbÆctive® strains specifically designed to support skin health and microbiota balance. Stress and an unbalanced diet can disrupt gut microbiota, leading to skin discomforts such as allergies and excess sebum, that may lead to acne.

Clinical studies confirm that the selected SynbÆctive® strains help manage oxidative stress¹, enhance skin barrier function², improve hydration³, boost texture, elasticity, and radiance within weeks⁴, support collagen integrity and reduce fine lines⁵.

Importantly, targeted research shows benefits for individuals with atopic dermatitis, including reduced redness and itching, improved barrier function, and restored ceramide levels⁶.

WHY CHOOSE DERMA SYNC?

Derma Sync is specially formulated to support individuals in:

- Maintaining healthy skin and mucosal integrity
- Promoting skin barrier function and tissue regeneration
- Balancing gut microbiota
- Managing oxidative stress and modulating inflammation
- Enhancing immune system function and resilience
- Vitamin B2 contributes to the maintenance of normal skin and mucous membranes, protection of cells from oxidative stress and the reduction of tiredness and fatigue.
- Vitamin B3 contributes to the maintenance of normal skin and mucous membranes, protection of cells from oxidative stress, normal energy-yielding metabolism and the reduction of tiredness and fatigue.

INFORMATION ON COMPOSITION

Ingredients: Corn starch, maltodextrin, glazing agent (hydroxypropyl methyl cellulose E464; gellan gum E418), *SynbÆctive® strains (*Limosilactobacillus reuteri* PB5072 (DSM 25175), *Lacticaseibacillus rhamnosus* LRH020 (DSM 25568), *Lactiplantibacillus plantarum* PB5067 (DSM 24937)), magnesium salts of fatty acids (E470b), Vitamin B3 (Nicotinamide), Vitamin B2 (Riboflavin).

*SynbÆctive® is a registered trademark of SynBalance S.R.L.

INSTRUCTIONS FOR USE

Take 1 capsule per day, preferably on an empty stomach or as directed by your healthcare professional, with a glass of water.

WARNINGS

Do not exceed the recommended daily dose. Food supplements should not replace a varied diet and healthy lifestyle. Keep out of reach of young children.

STORAGE CONDITIONS

Store in a cool, dry place, away from direct sunlight and heat sources. Contains live cultures sensitive to heat: store at a temperature between 15 - 25°C.

DISCLAIMER

This leaflet is intended for informational purposes for consumers and healthcare professionals. Vitamin health claims are authorised by the European Commission under Regulation (EU) 432/2012. Probiotic effects relate to support of intestinal flora balance and wellbeing, not to the prevention or treatment of disease.

PACKAGE CONTENT

Printed cardboard box containing 3 blisters, with 10 capsules each containing 500 mg per capsule, and a leaflet.

MANUFACTURER

Manufactured by **FMC SRL**, Via Asi Consortile KM 0+200, 03013 Ferentino (Fr), Italy

Distributed by **LIYFE**, 89 Level 0, Triq is-Siggiewi, Siggiewi SGW 2021, Malta – Europe
