Introduction

EThis simple *Booklet of Light* was written through psychic communication with Human Beings from Outer Space and aims only at Humanitarian Enlightenment to bring Hope to the future of our Humanity.

It is intended for every human being, of any age, who cultivates in their heart the desire to live in a truly happy world, where all beings on the planet will be able to live their lives in a pleasant way according to the Wonderful Laws of Nature that are written, not on the papyrus of human illusion, but instead, on the Eternal Truth of the Fabric of the Universe.

If you enjoy Science Fiction books, Tales from Other Worlds, and literature or articles that talk about Beings from Other Planets and their Luminous Ships, then this book is for YOU!

If you “don’t” believe in these things, but something caught your attention in this little *Booklet of Light*... then, humbly I say to you: read so you can if something touches your heart or your deepest imagination... the one from your childhood.

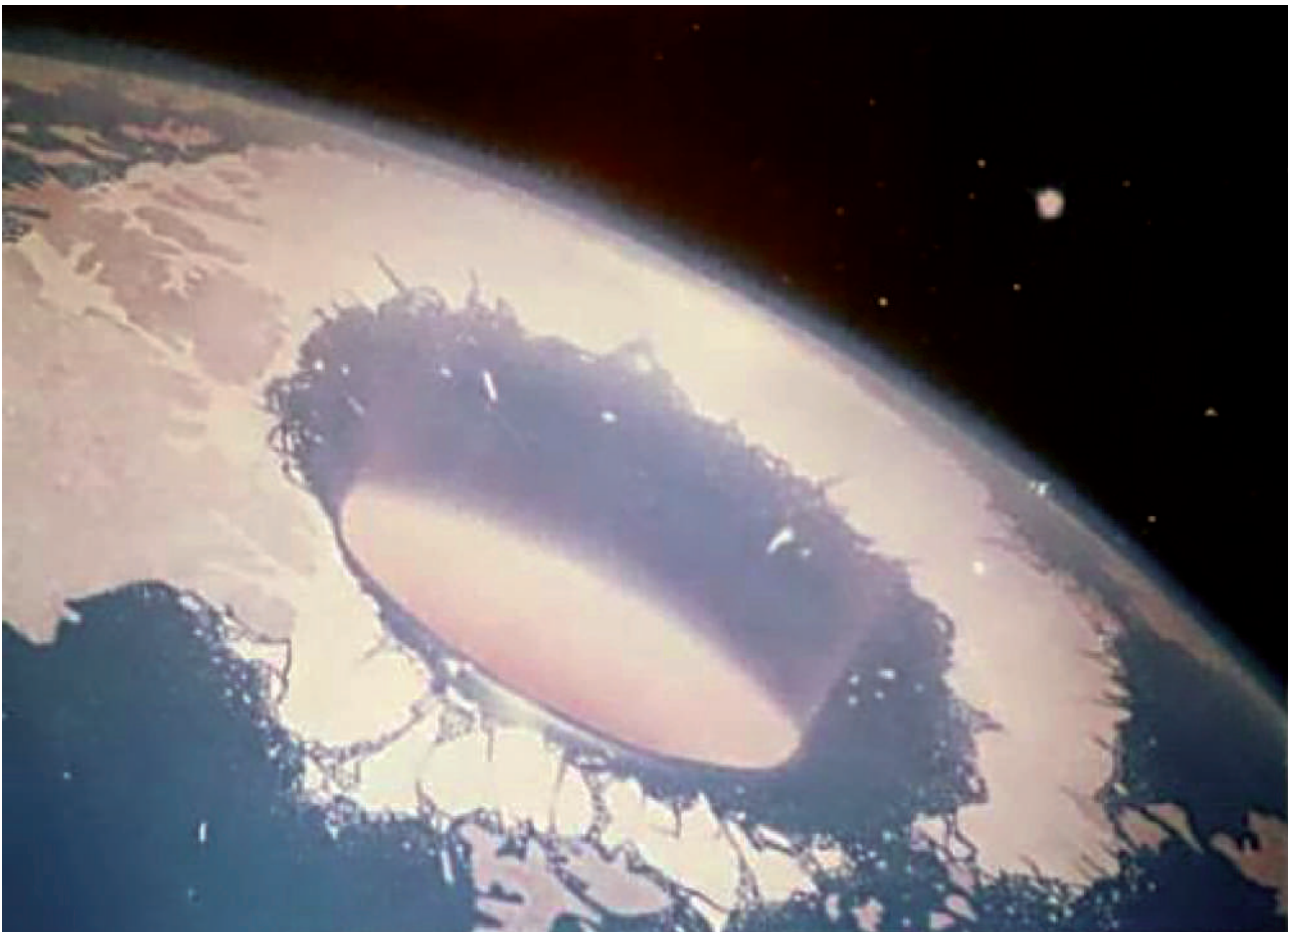

Good reading!

Quadrant 1

Humanities from Other Worlds and Dimensions **announce** the proximity of the Official Event of the collective and planetary **“peaceful sighting”** of thousands of Spaceships in the skies of Earth.

The Interplanetary Exchange will have its beginning authorized by the Prince and Planetary Governor of the Earth, **Yáurrul Shúa** (other names: Jesus, Sananda, etc.) from JULY 21, 2019, without an informed date. It can happen at any time.

This date of July 21, 2019 was revealed to us by the **Kardecist mester Chico Xavier** on the TV show: *Pinga Fogo*, from the 1970s.

We don't know anything about the details of these dates of the Planetary Transition, but we know that they can change upwards or downwards according to the **gradient** (degree of variation of certain characteristics of an environment) of the critical mass of the personal awakening of 51% of the individuals of Humanity.

The Cultural Exchange with Beings from Other Worlds has already happened in the ancient history of Humanity and thanks to that our Humanity has evolved.

Now, on the eve of a New Dawn of the Evolution of Humanity as a species, peaceful collective contact and *Interplanetary and Interdimensional Exchange* between Races of the Universe and Earth's Humanity is again allowed thanks to the Divine Permission of His Royal Highness, the Planetary Prince, Governor of Planet Earth:

– **YÁURRUL-SHÚA** or Jesus or Sananda, etc. allowing beings from Other Worlds and Other Dimensions to make direct, physical and psychic contact with the Surface Humanity in the form of a Peaceful Cultural Exchange with the purpose of evolving the human race from the Earth's surface.

PS.: *There are other, more advanced Humanities inside the Hollow Earth.*

Special Message

Be Prepared!!!

I count on YOU, on everyone of YOU... for the psychological preparation and emotional support for everyone who still cannot understand the Planetary Transition of OUR EARTH-SHIP and it should be something done by YOU!!!

Friends from My Light, make sure it's done with your HEART.

(JESUS, Your **Planetary Prince**, Eternal Friend)

On your worldwide computer network, the internet, some computerized images of some species were found and carefully selected, and they are presented throughout the narratives of this simple *booklet of light* according to the account of those contacted or abducted, as you call them among yourselves. For us, they are our “land teams”, brothers and sisters who incarnated with the main objective of serving as a window, bridge, channel, medium, means of access and direct communication in the languages of the Earth to express our Thought and our Feeling among you , Humans from the Surface.

In other Worlds and in other Dimensions there are other Humanities and soon you, Earth’s inhabitants, will know us face to face, if you wish, individually. This is a personal right of each one of you.

Humans of Lyra

We have been among you for a long time, preparing your human species for that Great Day, the day of the great meeting with your Cosmic Family.

Like you, we also have a heart of light and know LOVE.

We came from our stars, we left our planets, we left our families and homes for a single purpose:

“Exchange with you, our human family on Earth, all the peoples of the planet Earth are our sidereal family and we honor you all, regardless of color, race, creed, sex, language, culture, etc.”

We came to share our Humanity with you, teach and learn with you.

We came with a simple and unique purpose: *to evolve your human race in all areas of your planetary culture.*

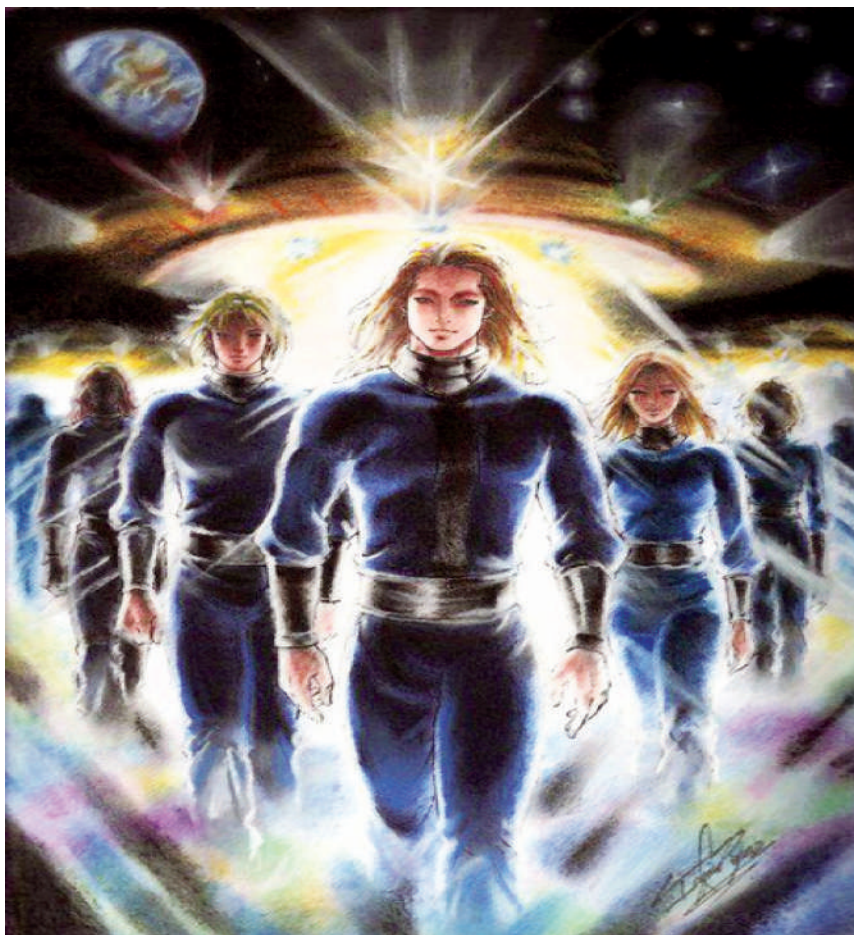

We came to bring the Light of the Stars, which means, the Wisdom of the Cosmos.

Love and Wisdom must always go together and the fruit of this union is power, true power, the POWER OF LIFE !!!

Yes, we have sexuality, and as you will discover in the future, Sexuality is Divine and Wonderful, and the more you evolve, the more you will distance yourself from the sexual expression of the animal-human kingdom and you will get closer and closer to the *human-divine sexuality* of the ascended humanities.

As a psychological test, know that an orgasm of ours is “1,000 times” more pleasurable, profound, and intense than yours.

So, you can see that Sexuality is truly divine and comes from the FATHER and the MOTHER of the Universes.

All the creature-beings of the Universes are the results of the wonderful and divine sex of the Great BEING: *Father-Mother of the Universes, the COSMIC COUPLE*.

Obviously, *Sex in the World of Essences or World of Emanations* is totally different from the sex of the animal-human kingdom that you experience.

Below is an image of a couple of beings of Higher Dimensions, from a planet that uses long garments in its cultural tradition. And that enjoy the bliss of human-divine sexuality in their ascended worlds.

In other areas of human culture on your planet we will advance so much that after a few decades you will no longer recognize the primitive knowledge that you currently consider to be at the forefront in all areas of your knowledge: education, health, self-knowledge, arts, philosophy, psychology, science, medicine, religion, linguistics, technology, agriculture, natural resources, environment, family, social values, new fraternal societies, etc.

We are men and women from Space, from the Stars, and we have families, sons and daughters.

We have partners in love, sexuality and evolution.

We have different cultures from yours in different subjects and that is natural; each people has its own culture and when the Time to Return to REAL TIME comes, as is the case with you: who lived for thousands of years in an alternative time and in a *parallel reality that was the Earth and a few dozen other planets Planetary Quarantine Event*.

In this period of “disconnection” from the *Communication Circuits of the Source-System from the Sidereal Administration of Our Universe*, you have forgotten almost everything you know and especially, who you are.

We came to remind you of what you already know, what is yours by divine right, your old rightful place, your hidden and forgotten divine treasure within yourselves, your Star Heritage.

Brothers and Sisters from the Earth!

The time has come for you to wake up, the time has come for you to return to your inner kingdom of heaven, paradise is not just a place, it is a state of soul that is your inalienable right and guaranteed by the Greater Divine Law of the Universes, it comes from the Hand of the Cosmic Father-Mother for all of you and it is your divine heritage or natural happiness.

Rejoice and sing around the bonfires on your party nights because a Great Light has returned to rescue our human family from Earth as it was written and said in the books and oral traditions of their ancient religions: **THE LIGHT IS BACK FOR YOU.**

We are from different races, so we will make a personalized exchange with each people and their respective cultures.

Our transmission will be more by thought and feeling than by spoken words. If necessary, we can articulate the spoken voice.

We want to introduce ourselves to you in order to leave the possibility of mutual dialogue and exchange open, you know your planet on the physical plane, and we want to learn from you too.

Quadrant 2

The *Earth's planetary quarantine* officially expires on 7/20/2019. Starting on **July 21, 2019** we are authorized to initiate open and peaceful contact with the surface human race through an unprecedented worldwide sighting of our luminous ships, this authorization comes from the Superior Hostes of Sananda, whom you call Jesus.

On those days and nights (March/2019) that separate us from this glorious moment (**from** July 21, 2019) we clarify to all of you that this date (07/21/2019) will only be the date of the OFFICIAL START OF THE PERMISSION OF EXCHANGE, but, we emphasize that the **date of the collective planetary sighting** is kept secret until the “divine hour” arrives when your Planetary Prince will give the vibrational command to visibly enter your atmosphere and be visible, with the naked eye, in your skies.

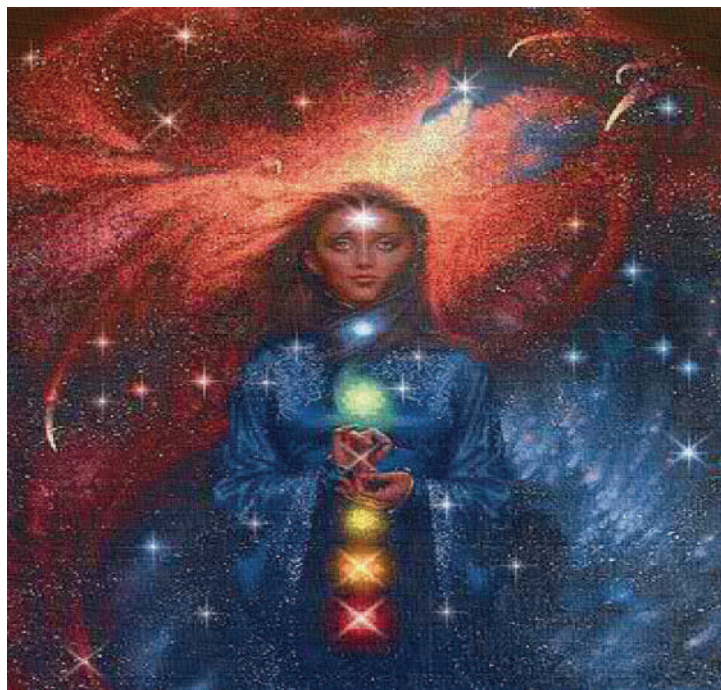

It will be a memorable day for many generations of your children, grandchildren and future generations, it will be of a unique beauty, because it will *only happen once*.

We vibrate our happy energies so that you, who are incarnated in a human biological body, can watch such a rarity of enchanting sidereal beauty, our ships will make *evolutions in your skies* and will leave trails of colored light and we will emit pleasant healing and harmonizing mantra sounds, it is the melody that comes from Infinite Space to bless the life and soul of our human brothers and sisters on Earth.

It will be the biggest visual event ever recorded in your human history.

Make the most of it, get in a happy tune, vibrate happy thoughts and feelings and we will receive your vibrations with great honor and ineffable gratitude.

We are your brothers and sisters from the Stars and we want to offer, exchange and share the wealth of our love-wisdom with all of you, our human family on Earth.

We want only one thing – your well-being and your evolution with your own faculties increased and expanded in the evolutionary sense.

Because you will be the builders of your human-divine happiness, the authors of your glorious destiny towards the Great Central Sun, eternal home of the COSMOS' FATHER-MOTHER.

Know that this is also our final goal, we all return to the Great Cosmic Heart: *the Universe of Essence, the Divine Emanation.*

Great Central Sun

Major General of the Fleets of Divine Peace Ships

Asthar Sheran – Archangel Miguel

This *Booklet of Light* is intended for all of you who since you were a child, or in the course of your lives, have discovered the rich and happy opportunity to make contact through reading, with the most creative subject of science fiction in films and books: *ETs and their Luminous Ships*.

Today, 2019, on the Earth calendar, we are on the threshold of a planetary event without proportions or comparisons in the history of mankind, we are approaching a **collective sighting**, worldwide, of thousands of ships in your skies.

This **official sighting** has been being announced for decades and *now the time has come to intensify the sharing of this information with as many people as possible, bringing calmness and tranquility, clarification and simple guidance on this unprecedented planetary event.*

The **Official Planetary Sighting Event** will be held in three stages:

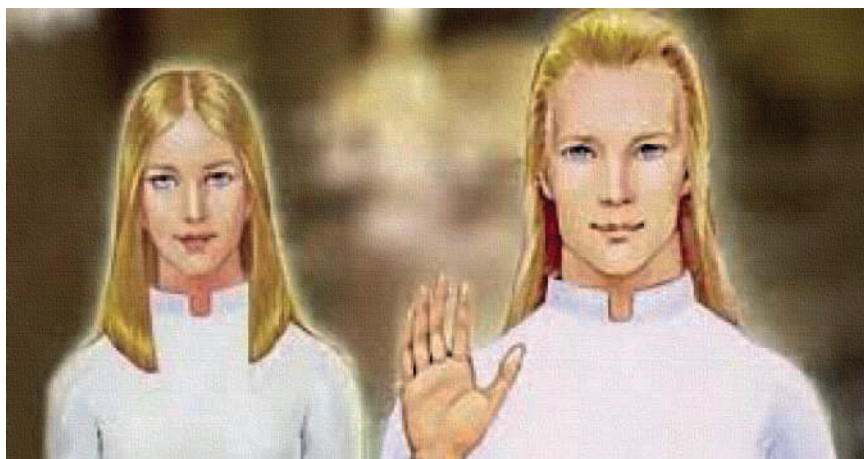

- **First wave**
- **Second wave**
- **Third wave**

The **first wave** will be a distant approach where the Ships, in countless quantities, will position themselves in the skies of the Earth over the cities, mainly in the rural area.

The ships will make evolutions in the skies and luminous designs that signal our intention of peace, respect, and universal fraternity and will emit pleasant and harmonizing melodies.

In this **first wave**, we intend to make ourselves visible and provoke the collective recognition of your Humanity about our real existence.

The **second wave**, at a future date, will be an approach of the ships to land on ground, landing in the rural area, far from the cities, without direct contact with any of you.

The ships will be lodged for approximately 3 (three) days, *with engines turned off*, without direct contact with you, in a state of peaceful and friendly readiness for your remote viewing, day and night.

However, we clarify that if there is any “intention” or attempted aggression, violence or attack on the part of any person, civil, paramilitary or military groups, the

protection force fields of our ships will be instantly activated, as our technology captures *thought waves* before they become actions in time-space.

We warn you that: when a ship has its **engines running**, a minimum distance of 100 meters must be respected between the ship (whether in the air or on the ground) and humans on land, due to ultra strong and disintegrator radiation that surrounds the ship's hull.

Our ships on the ground will have their **engines turned off** waiting for your peaceful and friendly approach.

The **third wave**, at a *future date*, will be the Great Hour; so dreamed by all of us and you, and intimately expected by many on Earth and also in the Stars, the hour of physical, direct, telepathic, *eye to eye*, and sometimes, if necessary, also verbal contact.

Our human crew members will leave the ships to make direct and physical contact with human beings who freely and spontaneously wish to do so, on the ground.

ATTENTION!!! Wait for the human crew members to leave the ships spontaneously, respect the minimum distance of approximately 100 meters between you and our ships.

We warn you that we do not have the same habits as you with regards to handshakes, kisses on the cheeks or hugs, **but if we receive these kind treatments it will be a great honor for us.**

Our physiognomy and physiology is similar to yours, in some cases (similar to some races).

Other races are *partially* different, others *completely* different. This fact should not prevail in your judgement of our morals or ethics.

Appearances do not define a being, but their attitudes and behavior.

As your Major Master said: *you will know the tree by its fruits.*

The **contact of the third wave**, direct and physical contact, in your rural and urban areas environment will be made with **Human Extraterrestrial Beings** with physical appearance **SIMILAR TO YOURS**, which aims to facilitate our communication, as well as a positive emotional response from the human population of the surface.

We clarify that no one will be invited to enter our ships and we warn you to avoid entering our vehicles, which will remain with their doors closed.

Why?

Because imagine a spaceship with 3 crew members and a human population of 3000 people from a small rural town. How could we manage the flow of these people in and out of the ship's internal environment, considering that no one could touch anything at the risk of triggering any of our ship's devices? It would be an impossible situation to manage. That is the reason for the denial.

This will only happen in a distant future, with no estimated date.

We will bring you some natural medicines (remedies) and advanced medical technology that we have developed over time to eradicate, once and for all, all the diseases of your Humanity, which is psychically and physically sick.

According to the *Superior Order of the Planetary Prince* of your orb (planet), whom you call JESUS, we will transmit Knowledge of Outer Space Medicine and Wisdom of Self-Knowledge so that you can work on your behalf and make happy days grow in your blissful earthly lives.

We have come to share our life wealth with you, we have not come to do “homework” for you.

As far as Humanity on Earth is concerned: work in favor of personal, collective and planetary happiness.

However, a *super-nutritious multi-food* will be provided by us, and we will teach its production on a planetary level. It will be a super-nutritive liquid that we use on our planets; this food, which fits in a small cup, is capable of fulfilling all the needs of human body nutrition for 24 hours or more bringing perfect health to all organs.

All food will be vegetarian or naturalist, and the carnivorous food, which for us is a crime against our Cosmic Family (all forms of life in the Universe), will be extinguished.

We respect Life, we honor Life, we love Life, in all its forms, from microbiological life to star nurseries.

Our cultural intervention will be peaceful, gradual, homeopathic and healthy in your social system:

- educational, religious, scientific, political, economic, artistic, civil, family, military system, etc. and it aims to carry out the exchange between the Peoples of Space and the Inhabitants of the Earth in a direct, respectful, healthy and responsible way on both sides, **without interference or dependence of their local, national or global authorities:** neither religious nor scientific, neither civilians nor military.

We came to share our Love-Wisdom with the People of the Earth **directly**, and **not** through their political governors or religion, science, civil and military authorities.

This exchange will take place in an equal approach for all human beings on Earth, no people or nation will be privileged at all. The local cultures and needs of each human group will be respected.

If we are well accepted and treated well in a house, village, small town, city, metropolis we will stay there for a longer time.

In any different case, we will only stay as long as necessary to carry out the official exchange protocols and we will leave for another location where we will expect to be treated with respect and dignity; since we all are cosmic brothers and sisters.

Quadrant 3

I am “Astridy” from the Sidereal Service of Planetary Transition and I would like to share some ideas and points of view with you.

This booklet of light is dedicated to the synchronism of your personal and collective expectation as an intelligent species and our willingness and interest in making a direct exchange with you in accordance with the Superior Order of the Planetary Prince JESUS.

All booklets that this window/medium or “transmitter” writes in our “name” will be used for the purpose of personal and collective preparation.

Therefore, we continue with our transmissions today.

We want to congratulate Humanity on Earth for making an opening of frequency when they look at the skies and unconsciously wait for something arising there, something that comes from the Light of the Planetary Christ, a sign from the heavens.

Your Jesus Christ warned everyone: *“signs will appear in the heavens that my coming is near.”*

And thus shall it be.

But we want to clarify to all the human beings of this Planetary Earth, in the physical and in the extraphysical that:

– The “Son of God”, whom you call “Jesus”, on the Great Day of Liberation and Reactivation of the Original Memory of Human Consciousness, will not come visibly sitting on a throne over the clouds, surrounded by angels to judge the nations of the Earth, this is an allegory from the Book of the Bible.

He has already come and is among you.

He is among you because He is the LOVE BALANCED between the hand of mercy and the hand of severity, between Guedulah and Gueburah, in the language of the Jewish Tradition of Kaballah.

Divine love in the human being was magnetically balanced in the human tree by the incarnation of JESUS.

And that same love is a potential, a capacity for relationship between you.

Love empowers a balanced relationship when the conscience recognizes the balanced love that is between affection and discipline.

That is the divine love in you: *the magnetic balance of your souls.*

We declare to all Humanity that it is the Love **Consciousness Magnetically balanced** by the PLANETARY CHRIST that is “returning” (expanding), manifesting on the Planetary Earth and will descend magnetically in the personal and collective human consciousness. And not the figure of “King Jesus” as allegorically stated in the Bible.

We and our ships are the “signs of the heavens” that His Excellency Planetary Prince JESUS prophesied. He was, is and continues to be the **supreme medium** of the Planetary Christ, the highest medium of Christ Michael of Salvington, sovereign of the Nebadon Universe, our local universe.

At the head of all the highest spiritual personalities of the Nebadon Universe is the Creator Son and Supreme Master, MIKAEL, father and sovereign of our local Nebadon universe, that is, the Universal Divine Father and also his “soulmate”, coordinated in divinity, and complementary in creative attributes: the Divine Minister of Salvington, who is the Mother Spirit of our local Universe, that is, the Universal Divine Mother.

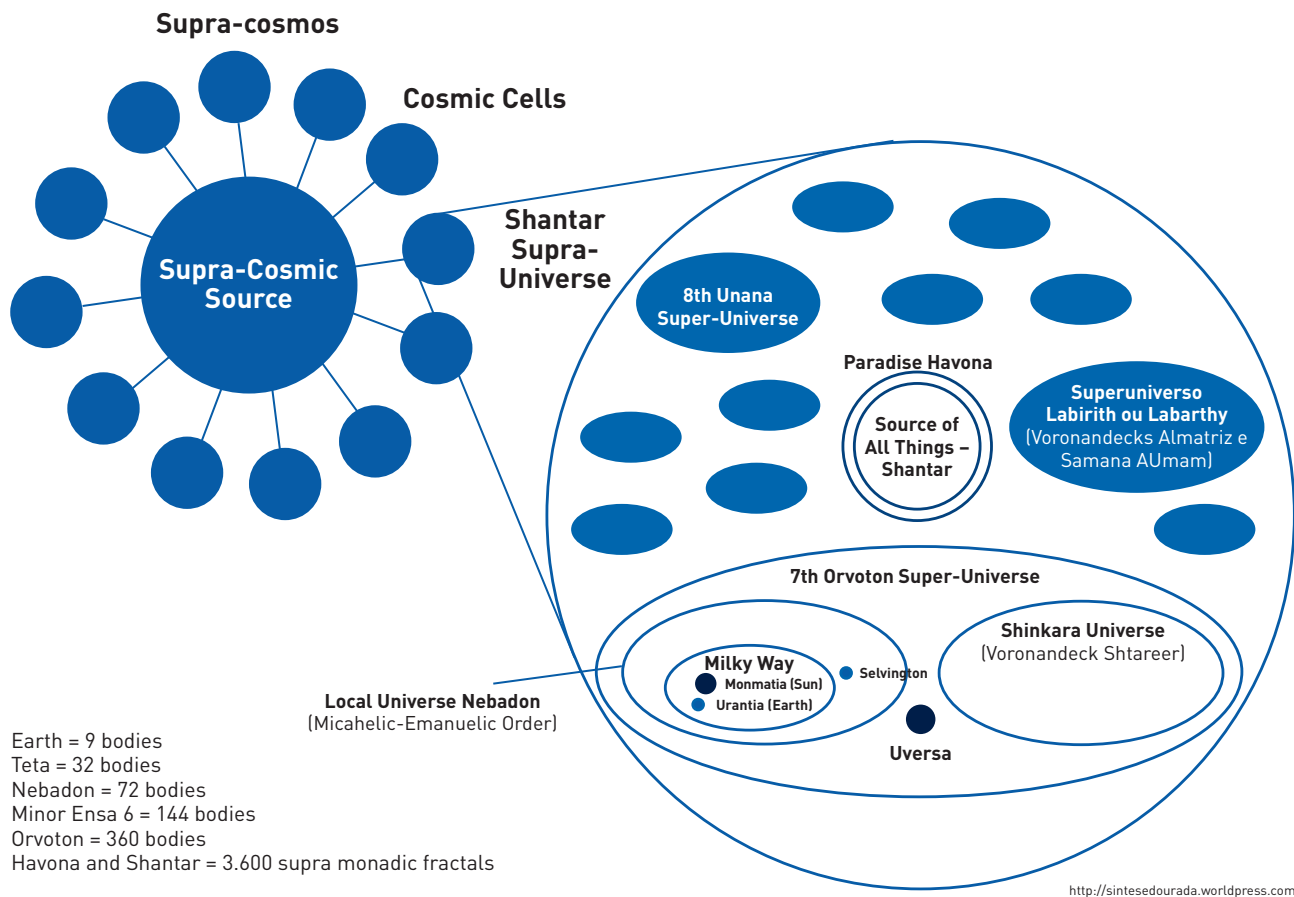

That said, we want you to know that the universes are administered mostly by Divine Couples who are an expression of the Male and Female of the Central Universe, or the Cosmic Father and Cosmic Mother who live on Paradise Island-Havona.

We located a website on your internet where I inserted the data that we need to present to you, even with small distortions, from our point of view, which is natural for the limited condition of your and the author’s incarnated consciousness. The author of the text and drawing actually did a great job in this sidereal organization chart of your cosmic address structure in the vastness of visible and invisible universes.

The text was adapted to the focus of this booklet of light. (Source: Brazilian internet)

The Organization Chart below is made as an address for your Planetary Earth, Urantia.

Observe the Greatness of Universalia, the Bunch of Grapes-universes where Our Cosmic Father-Mother manifested the infinite beauty of their Almighty Love-Wisdom which is the manifestation of His Royalty of which we are all heirs and of which we are part; this Great Cosmic Family of “Daddy” Wisdom and “Mommy” Love-Truth.

The author of the website made the drawing above from his personal interpretations about some information from the **Urantia Book**, in addition to research on the Internet.

Then comes the text of the website's author, adapted to the context of this **Booklet of Light**.

This map shows the *sidereal location* of the planet Earth (Urantia) from a supra-cosmic point of view, that is, considering the entire Great Universal Creation as far as we have been able to capture so far, either through the channeling process or through science. I will describe each of these levels to make it easier to understand the map and give a little more detail about our sidereal location.

Earth/Urantia

Let's start from the known, our planet Earth.

The "Urantia Book" has this name because it is understood that **Urantia** is the name by which our Earth is known out there, in Infinite Space. I'm not sure about the origin of this name, but I've heard two things:

- one aspect relates to the abundance of uranium and the large amount of this element that was extracted from here in ancient times.

- another aspect points out that our sun is located in the basic chakra of a huge Elohin called Urantia and for this reason the Earth would be called Urantia.

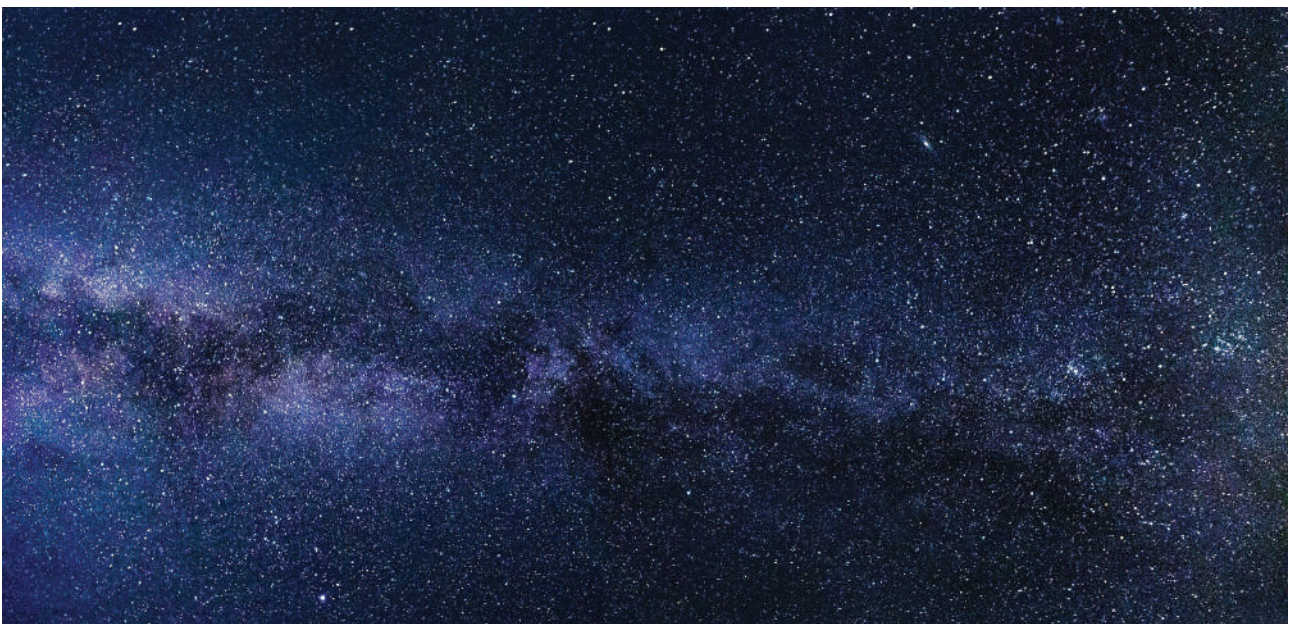

If the age of our local universe, considering the fictional big-bang, which is approximately 13.8 billion years old, had been placed in a single “cosmic year”, the Earth would have been formed in the middle of September 14th.

Solar system/Monmatia

Our solar system is made up of a star and all other celestial bodies are under its gravitational domain. Our sun generates its energy through the fusion of hydrogen and helium and around it, 8 or more planets gravitate: 4 with solid and rocky crust (telluric planets) and 4 gaseous giants.

The Urantia Book calls our solar system, as well as our sun, **Monmatia**.

In the “cosmic year”, our solar system would have been formed on September, 9th.

Milky Way

Our galaxy is called the **Milky Way** and is about 100,000 light years in size. Our solar system is located in the **Arm of Orion** as can be seen in the image above. In the “cosmic year” the Milky Way would have been formed on the first day of May.

Urantia is located in a local system called **Satânia** (which has Jerusalem as its capital) and, consequently, is in the constellation Norlatiadeque (whose capital is **Edentia**). Norlatiadeque is one of the constellations of the **Nebadon Universe**.

Universe of Nebadon

According to the Urantia Book, the local universe of **Nebadon** is where our Milky Way is located. It has a capital called **Salvington**. This entire universe is under the administrative responsibility of the **Mikaelic-Emanuelic Order in the divine personality of SUPREME KING MIKAEL**.

Super-Universe of Órvoton

The Super-Universe of Orvonton is the seventh super-universe materialized within what we know as the Source of All Things, **Havona**.

It has an administrative capital called Uversa and in it is located, among others, our local **Nebadon** universe, the Thifany's universe and the **Shinkara** universe.

The latter is the universe under the administrative responsibility of **Voronandeck Shtareer**.

Nebadon is located in the smaller sector of Ensa, which is one of the sectors of Orvonton. At this level, the human fractal has 144 bodies, while in Orvonton it has 360.

Supra-Universe of Shantar

The **supra-universe of Shantar, Shantar** cosmic cell or “**Source of All Things**” is made up of a central source and a stationary paradisiac island called Havona, which is orbited by 12 super-universes, 7 of which are materialized and 5 in non-material dimensions. The seventh universe from this source is our **Super-universe of Orvonton**, while the eighth super-universe is known as **Unana**.

At this level, the human fractal has 3,600 supra-monadic fractals.

Supra-Cosmic Source

Just as the Source of All Things sustains 12 super-universes in its formation, so a supra-cosmic source supports 12 cosmic cells. However, it is not possible to say at this level that we have only 12 cosmic cells or thousands since the creation can be infinite.

Now we can have a little more clarity about the immensity of the **Life of the Cosmos** and our location in it. In summary, we can say that our “address” in Supra-cosmos is:

- Supra-Universo/Cosmic Cell: Shantar
- Super-Universe: Orvonton
- Minor Sector: Ensa
- Universe: Nebadon (Laniakea Supercluster)
- Constellation: Norlatiadeque
- Local System: Satania
- Galaxy: Milky Way (Arm of Orion)
- Solar System: Monmatia
- Planet: Earth/Urantia

There is a same reality in all universes:
intelligent life in abundance, the Uni-
versal Infinite Fraternity, because we
are all sons and daughters of the same
Source of All Things.

Quadrant 4

Now we are going to make some points about the liberating energy that will “devour” the planetary artificial matrix that has imprisoned your minds for approximately 12,000 years.

This type of special awareness belongs to the Leo Constellation.

Warriors of Leo or Lion Energy, the *Leo Vibrations* of the **Truth that sets you Free!!!**

JESUS was called the *Lion of the Tribe of Judah* because he came to Earth to free the human soul from the psychological self-deception of the artificial matrix.

They are beings of michaelic nature, they are warriors of the Great Central Sun-light, a **sidereal elite** highly prepared for confrontations for the liberation of planets or “fallen” dimensions.

Leo Warriors are experts in dismantling mental slavery systems, which is your personal and collective psychic state on the surface of your orb (planet).

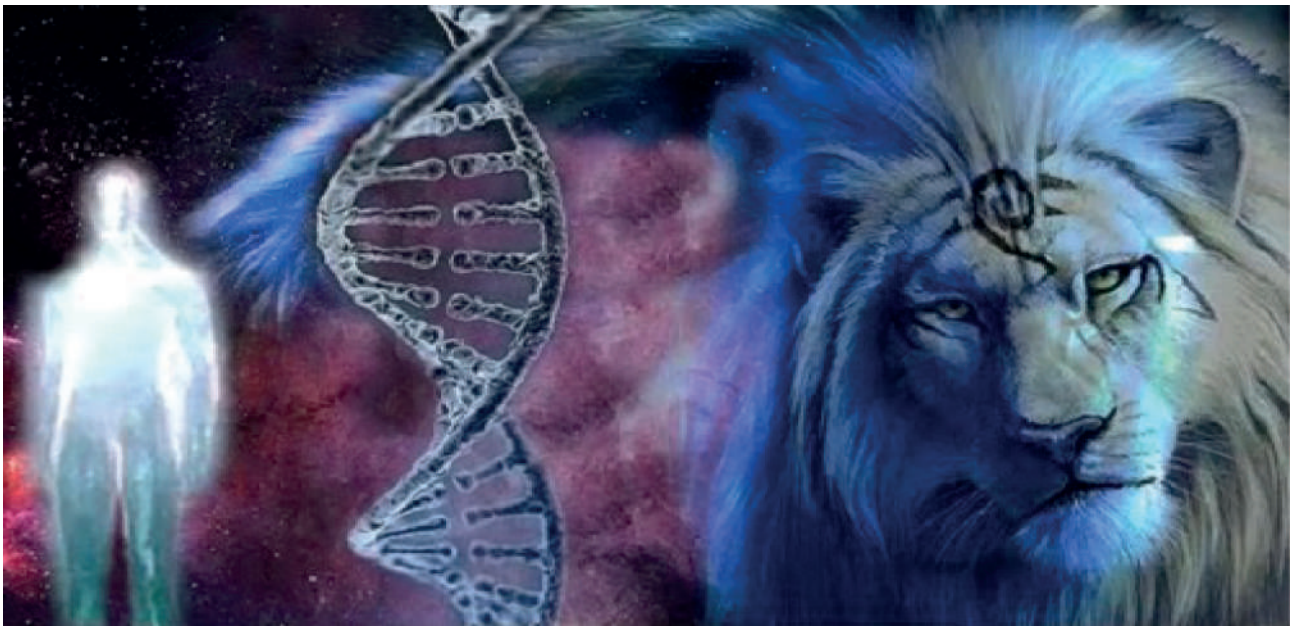

The energy that emanates from the “roar” of these beings from the Central Sun-light is highly disintegrating from any fear-based dimensional construction.

These beings of light are the opposite pole of the energy of personal and collective fear.

They are Beings from Eternal Courage!!!

The vibrational energy of these beings are the **Vibrations of Truth**, and they liberate all types of “conditioned” consciousness from any mental self-delusion based on fear.

The gradual arrival, **in progress**, of these pure light beings of the **Truth that Sets Free** is the end of all types of fear domination (artificial matrix of ten thousand fears) on your planet and in your minds.

Save the People of Leo!

LEO'S ELITE are BEINGS OF LIGHT who are the natural energetic opposite of "reptilian beings" (sidereal enemies of the Humanities), just like it happens in the insect kingdom when we want to save a plantation from a "plague" and then we introduce their "natural enemy" that will EAT the plague and SAVE the crop, literally.

The "reptilian beings" DO NOT tolerate the energy of LEO beings.

When a single LION-Being arrives where there are "reptilian" beings, they run as if they were "cockroaches" when you light a lamp.

Because LION ENERGY disintegrates and devours reptilian energy.

Our Space Friends are signaling this COSMIC TRUTH:

- THE LION BEINGS DISINTEGRATE the mental field of the reptilians, and MAY DEVOUR the reptilian energy.

Conclusion: things will “get ugly” for the reptilians, who for thousands of years abused Earth’s Humanity, just like parasites on the Human Tree, sucking our consciousness energy for 12,000 years.

As the **Great Orixá Xangô** says:

- *The one who owes, pays; the one who deserves, gets.*

Biblical Reference: JESUS was called **“LION” of the TRIBE of JUDAH** in the Book of Revelation.

Literary Reference: In **“Chronicles of Narnia”**, ASLAM is a LION-BEING, and has full power over negative forces and also has the Higher Authority to “re-establish” the ORIGINAL ORDER of the world of Narnia and other worlds.

Quadrant 5

Save the Divine Mother Shekinah!

The New Age of Aquarius is the Age of the Human Being in synch with the Universal Feminine, men and women honoring the sacred values of the Goddess, Mother Earth-Nature and it is emphasized that this has nothing to do with “feminism”.

A New Age in which the Human Woman will receive a **new consciousness of feminine love** and also a new consciousness of sacred-affective planetary service for all Humanity, and for this reason, She, the Human Woman, will be honored in a prominent place in the Nations of the Earth, but not of superiority to Man.

The Human Woman will receive from the Hands of the Goddess, her place of right and honor in the human polarity of the Couple of the Earth.

And socially, the Human Woman will **have a special place** as “priestess” of Mother Earth’s Planetary Service.

Save the Aquarius Era!!!
