

DROP AND GO

DROP OFF POINTS PROGRAM

Partner With Us & Become a Pickup and Drop-Off Location

INTRODUCTION

Drop And Go is expanding its logistics and delivery network across Lebanon through strategic Drop Off Points.

Our Drop Off Point Program allows stores, businesses, and local shops to become official package collection and drop-off locations for customers and delivery drivers.

This system helps improve delivery speed, customer convenience, and operational efficiency while creating additional business opportunities for partners.

WHAT IS A DROP OFF POINT?

A Drop Off Point is a physical location where:

- Customers can collect packages
- Customers can drop off items for delivery
- Delivery drivers can exchange packages efficiently
- Businesses can simplify order logistics

Drop Off Points act as mini logistics stations integrated into the Drop And Go network.

WHY DROP OFF POINTS MATTER

Modern delivery systems rely heavily on decentralized pickup and collection locations.

This model helps:

- Reduce failed deliveries

- Improve delivery speed
- Lower operational delays
- Increase customer convenience
- Optimize driver routes
- Expand delivery accessibility

Customers benefit from having nearby collection locations instead of waiting for home deliveries.

WHO CAN BECOME A DROP OFF POINT?

We are looking to partner with:

- Mini markets
 - Supermarkets
 - Pharmacies
 - Mobile shops
 - Printing shops
 - Grocery stores
 - Convenience stores
 - Libraries
 - Cafes
 - Retail stores
 - Small businesses
 - Commercial locations with daily customer traffic
-

BENEFITS FOR PARTNER LOCATIONS

Additional Customer Traffic

Customers visiting to collect packages may also purchase products or services from your store.

Additional Revenue Opportunities

Partner locations may benefit financially from package handling and logistics cooperation.

Increased Business Visibility

Your business becomes part of a growing logistics network across Lebanon.

Community Convenience

You provide a useful service for customers in your area.

Partnership With a Growing Delivery Network

As Drop And Go expands, partner locations grow with the network.

HOW THE SYSTEM WORKS

Step 1 – Partnership Registration

Businesses apply to become an official Drop Off Point.

Step 2 – Approval & Setup

The location is reviewed and integrated into the network.

Step 3 – Package Handling

Packages are delivered to the Drop Off Point for customer collection.

Step 4 – Customer Pickup

Customers receive updates and collect their orders from the location.

Step 5 – Ongoing Operations

The location continues serving as a logistics point within the Drop And Go system.

IDEAL LOCATION REQUIREMENTS

We look for locations that:

- Are easily accessible

- Have stable operating hours
 - Are located in active commercial or residential areas
 - Can safely hold packages temporarily
 - Have reliable communication availability
 - Maintain professional customer interaction
-

ADVANTAGES FOR CUSTOMERS

Customers benefit from:

- Flexible package collection
 - Faster access to deliveries
 - Reduced waiting time
 - Convenient nearby pickup locations
 - More delivery options
 - Improved reliability
-

ADVANTAGES FOR ONLINE SELLERS

Online sellers benefit from:

- Fewer failed deliveries
- Faster delivery completion
- Better logistics organization
- More efficient order management
- Expanded delivery flexibility

This creates a better overall customer experience.

ADVANTAGES FOR DELIVERY OPERATIONS

Drop Off Points help optimize:

- Driver efficiency
- Delivery routes

- Delivery timing
- Package organization
- Fleet productivity

This allows faster and more scalable logistics operations.

OUR LONG-TERM VISION

Drop And Go aims to build one of Lebanon's most connected delivery and logistics networks.

Through strategic Drop Off Points, we aim to:

- Improve nationwide delivery accessibility
 - Reduce delivery friction
 - Support local businesses
 - Create smarter logistics systems
 - Expand operational efficiency across Lebanon
-

WHY PARTNER WITH DROP AND GO?

Because logistics is evolving.

Customers today expect:

- Speed
- Convenience
- Flexibility
- Reliable service

Drop Off Points are becoming an essential part of modern delivery systems worldwide.

By joining the Drop And Go network, your business becomes part of this growing transformation.

PARTNERSHIP OPPORTUNITY

We are actively looking for reliable partner locations across Lebanon.

If your business is interested in becoming a Drop Off Point, we would be happy to discuss collaboration opportunities.
