

EMPOWER FAMILIES

We see families as partners in therapy. We provide knowledge, skills, and confidence so they can support their child's communication every day.

PURSUE GROWTH

We grow the abilities of children and families while continually developing our own skills as professionals and as a team.

Our Values

DELIVER EXCELLENCE

We set high standards and strive to exceed them in therapy, teamwork, and the experiences we provide to families.

CREATE JOY

We bring energy, fun, and positivity into sessions and our workplace. We celebrate progress and wins, big and small.
