

Say Goodbye

Lyrics by Denny Anthony

From other seas ashore
The land that we have "made"
But we could not resist the crawl
Of complicating fade

There are those who fade away
And those who say goodbye
 Say goodbye
 Don't lose your sight
 Say goodbye don't follow
 (Repeat)

We are close to the sustain
And we long to leave darkness
 (Chorus)

We want more
We want more and more
We want more
We want more
We want more and more
We want more
We want more
Why do we want more?

 (Chorus)
