

Starlight

Lyrics: Denny Anthony

Scream failed
A point from sight
Coming from the stale
"Jerry-Rigged"
A heist on time
Rattles every strain
 Starlight shines
 Eternal light
 Following the flow
 Complicate
 The doubting slight
 Only Love to know
Folly dared
The death despair
Traced across the see
Supersede
The tread debris
Crawling on its knees
 Starlight shines
 Eternal light
 Following the flow
 Complicate
 The doubting slight
 Only Love to know
 I hope in secret
 In Starlight gaze
 Fumbling through it
 Forgotten maze
Sinister
Stare unaware
Showing the conceit
Leverage life
Forgetting strife
Forging way for Seed
