

Limit

Lyrics by Denny Anthony

With severed loss detained by a severed cross
And all that breathes is echoing Reality
 The Fountain foregone in silence
 And empty stares fondling See
 The regress in forlorn surveillance
Limit without... within
 Without... Limit... Within
 Limit without within

With outer breed sustained by the inner bleed
Semblance breathes echoing Validity
 The progress decrepit by detest
 Boundless within... Limit
 Within... Limit... Without
 Limit without within

Turning back, given slack
Calming, feed on the Sustain
Overwhelm all
 Tool up, fuel up, go on
Caught on human broken
Scene of fallen blade
Avenue calling
 Fly away

{news cast from TV}
 The fallen arise to a new way
 Once empty stares seeing know One
 The digress omitted by mercy
 Boundless without... Limit
 Within... Without... Limit
 Limit without within
