

Modulate

Lyrics: Denny Anthony

Slide toward discrepancy
Following the Name
What's bad is nothing to be sovereign over blame
Put in moments
Surreal in light
Wrought in broken
The Solitary Tide
 All build a future
 All arms in lock
 One vision stands for everyone
 Bring us our Home
 Modulate
 It's not temporary and not solid-state
 We're in an up slide
 Modulate
 Losing the downside
 And Bow
 To our Fortress and our Kingdom is Divine

Fleeing from discrepancy
Hollow out the shame
What's bad is nothing to be sovereign over blame
Put in moments
Surreal in light
Wrought in broken
The Solitary Tide
 All fall Peculiar
 Call for the lost
 One vision supersedes them all
 Make it sublime
 And incline
 To our Fortress and our Kingdom is Divine
 We're in an up slide
 Modulate
 Losing downside
 And say
 It's not temporary and not solid-state

(Solos)

All build a future
All arms in lock
One vision stands for everyone
(Chorus 1)
