

Sludge

Lyrics by Denny Anthony

When you're wanting to go
Your see has failed to show
And force has come down on thoughtful ache
And lie awake
It's plane to sea
What all of some believe
The way is not so hard if you receive
Don't be deceived

(Solo)

Relax your mind
And when it's time
It's all forever
Keep it voluntary
Always steering high
I walk over and see that sludge
All smeared inside
At ease, I turn on pain
I won't talk insane

It wasn't there
It was alone
There's know One left too
Adding solitary
Always yielding time

(Chorus)

Comparing mind that squandered the same
Far off to cover lonely
Our faith calls unaware
And to wake up love within it

(Solo)

Relax your mind
Throughout sublime
It's all forever
And when it's time
Cross the finish line

(Chorus)
