

If It's Over

Lyrics by Denny Anthony

Falling blind to yesterdays
Scraping the broken mirror
Fumbling naked, no deceit
Fearless and complete

If it's over
I don't want to lose the stakes
If it's over
I gave about all I could take
If it's over
I don't want to make mistakes
If it's over

Calling to the blindest guide
Hoping he'll take you nearer
Covenant to realize
Afraid of compromise

If it's over
I don't want to lose the stakes
If it's over
I gave all that I could take
If it's over
I don't want to make mistakes
If it's over

Falling through the rise of tide
Scraping the broken mirror
Master scheme to blind our eyes
Fainting to the side

Dreams spreading throughout my soul
(Emotion recall)
Freed from the grip, sordid control
(Well, I refuse to fall)
