

Creation Groans  
Lyrics by Denny Anthony

Up ahead so I can plan  
Reveal the load: submissiveness  
Wrapping evil  
Taken broken, flawed  
We know Love heals  
Resides in lost

Falling in foul  
More loving back  
Calling in crawl  
All over slack

Hear the resting gnawing  
Creation groans  
For Sons of Love to arise  
New Life unfolds

Bringing Limbic surreal  
Cauterize the sense for sick  
And be freed of all the necessity  
To blame the rest in shame

Falling in foul  
More loving back  
Calling in crawl  
All over slack

Hear the resting gnawing  
Creation groans  
For Sons of Love to arise  
New Life unfolds
